Joint Petition for Approval of Negotiated)	Docket No. 12-_____
Interconnection Agreement and First)	
Amendment to Agreement pursuant to)	
47 U.S.C. §252(e).)	

**JOINT PETITION FOR APPROVAL OF
NEGOTIATED INTERCONNECTION AGREEMENT
AND FIRST AMENDMENT TO AGREEMENT
BETWEEN NEW CINGULAR WIRELESS PCS, LLC
AND TDS METROCOM, LLC**

New Cingular Wireless PCS, LLC d/b/a AT&T Mobility (“Cingular”) and TDS Metrocom, LLC (“TDS Metrocom”), Joint Petitioners herein, hereby file (1) the “Interconnection Agreement Between TDS Metrocom, LLC and New Cingular Wireless PCS, LLC” (the “Interconnection Agreement”) and (2) the “First Amendment to Wireless Traffic Exchange Agreement” (“First Amendment”), Attachments 2 and 3, respectively, to this Joint Petition, for review and approval by the Commission pursuant to Sections 252(a)(1) and 252(e) of the Communications Act (the “Act”), 47 U.S.C. §252(a)(1) and § 252(e). In support of their Joint Petition, Cingular and TDS Metrocom state as follows:

1. Both the Interconnection Agreement and the First Amendment were arrived at through voluntary negotiations between Cingular and TDS Metrocom. Cingular and TDS Metrocom negotiated the Interconnection Agreement in 2005 and executed it on May 9, 2005. Cingular and TDS Metrocom have now negotiated the First Amendment as the result of a change in law, specifically, Federal Communications Commission (“FCC”) Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, released November 18, 2011, and the FCC’s Order on Reconsideration released December 23, 2011, which amended the FCC’s

regulations at 47 C.F.R. §20.11 and §51.700-51.715 to provide that intercarrier compensation for non-access traffic exchanged between local exchange carriers, such as TDS Metrocom, and Commercial Mobile Radio Service (“CMRS”) providers, such as Cingular, will be subject to a default bill-and-keep methodology for traffic exchanged on and after July 1, 2012. The First Amendment amends Paragraph V-B of the Interconnection Agreement accordingly. Additionally, the First Amendment amends Section 3, Third-Party Billing, of the Interconnection Agreement to add a provision relating to compensation for “Intermediary Traffic.”

2. Cingular and TDS Metrocom intended to file the Interconnection Agreement with the Commission for approval following its execution, but, due to a miscommunication between the parties, the Interconnection Agreement was never filed with the Commission. This oversight was not recognized until the parties were in the process of negotiating the First Amendment. Therefore, Cingular and TDS Metrocom are now requesting approval of both the Interconnection Agreement and the First Amendment.¹

3. Neither the Interconnection Agreement, as amended by the First Amendment, nor any portion of the Interconnection Agreement, discriminates against a carrier not a party to the Interconnection Agreement. TDS Metrocom will make the Interconnection Agreement available to any other CMRS provider licensed by the FCC to provide CMRS service in the State of Illinois with which TDS Metrocom exchanges traffic. Further, other CMRS providers, can negotiate their own arrangements with TDS Metrocom in accordance with the terms of the Act. Additionally, neither implementation of the Interconnection Agreement (as amended by the First Amendment), nor any portion thereof, would be inconsistent with the public interest,

¹ As shown on the cover page of the Interconnection Agreement, at the time it was executed, Cingular operated under the assumed name Cingular Wireless. Subsequently, as indicated by the First Amendment, Cingular has adopted the assumed name AT&T Mobility.

convenience and necessity. In support of the foregoing statements, Joint Petitioners provide the verified Statement in Support of Joint Petition for Approval of Interconnection Agreement and First Amendment, Attachment 1 to this Joint Petition.

4. In accordance with Section 252(e)(4) of the Act, the Interconnection Agreement and the First Amendment will be deemed approved if the Commission does not act to approve or reject them within 90 days from the date of this submission.

5. Copies of the Interconnection Agreement and of the First Amendment are available for public inspection in Cingular's and TDS Metrocom's public offices.

WHEREFORE, Joint Petitioners respectfully ask the Commission to approve the Interconnection Agreement and the First Amendment, Attachments 2 and 3, respectively, to this Joint Petition, in accordance with Section 252(e) of the Act as expeditiously as possible.

Joint Petition for Approval of Negotiated Interconnection Agreement and First Amendment to Agreement pursuant to 47 U.S.C. §252(e).) **Docket No. 12-_____**

STATEMENT IN SUPPORT OF JOINT PETITION FOR APPROVAL OF INTERCONNECTION AGREEMENT AND FIRST AMENDMENT

I, Paul E. Pederson, am Manager – State Government Affairs IL, IN, MI, & MO for TDS Metrocom, LLC (“TDS Metrocom”). I hereby submit this Statement in Support of Joint Petition for Approval of Interconnection Agreement and First Amendment to Agreement between New Cingular Wireless PCS, LLC (“Cingular”) and TDS Metrocom. The Interconnection Agreement is Attachment 2 to the Joint Petition and the First Amendment to the Interconnection Agreement is Attachment 3 to the Joint Petition.

The Interconnection Agreement and the First Amendment were arrived at through arms’-length negotiations between representatives of Cingular and of TDS Metrocom. Cingular and TDS Metrocom negotiated the Interconnection Agreement in 2005 and executed it on May 9, 2005. Cingular and TDS Metrocom have now negotiated the First Amendment to amend the Interconnection Agreement for a change in law, specifically, the FCC’s Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, released November 18, 2011, and the FCC’s Order on Reconsideration released December 23, 2011. Both the Interconnection Agreement and the First Amendment are satisfactory to both parties.

Cingular and TDS Metrocom intended to file the Interconnection Agreement with the Commission for approval following its execution, but, due to a miscommunication between the parties, the Interconnection Agreement was never filed with the Commission. This oversight was not recognized until the parties were in the process of negotiating the First Amendment. Accordingly, Cingular and TDS Metrocom are now requesting approval of the Interconnection Agreement as well as approval of the First Amendment, pursuant to Sections 252(a)(1) and 252(e) of the Communications Act (the “Act”). The Agreement and the First Amendment meet all the requirements of the Act for approval of a negotiated interconnection agreement, and the Commission should approve the Interconnection Agreement and the First Amendment.

The Interconnection Agreement is for a two-year term with provision for automatic renewal beyond that date (Section III.A and B). The Interconnection Agreement provides for the interconnection of facilities and the exchange of traffic between TDS Metrocom and Cingular. The Interconnection Agreement provides for Methods of Interconnection between the parties (Section VI), Use of SS7 mandatory parameters (Section X), Network Design and Maintenance (Section XI), Restoration of Service in the Event of Outages (Section XXXI) and Quality of Service (Section XXXIII). The Interconnection Agreement includes other commercial terms typical of business-to-business agreements.

The First Amendment, in accordance with the referenced FCC orders, amends Paragraph V-B of the Interconnection Agreement to provide that from July 1, 2012 forward, all non-access traffic exchanged between the Parties shall be exchanged pursuant to a bill-and-keep arrangement. Additionally, the First Amendment amends Section 3, Third-Party Billing, of the Interconnection Agreement to add a provision relating to compensation for “Intermediary Traffic.”

Neither the Interconnection Agreement (as amended by the First Amendment), nor any portion thereof, discriminates against a carrier not a party to the Interconnection Agreement. TDS Metrocom will make the Interconnection Agreement (as amended by the First Amendment) available to any other CMRS provider licensed by the FCC to provide CMRS service in the State of Illinois with which TDS Metrocom exchanges traffic. Further, other CMRS providers can negotiate their own arrangements with TDS Metrocom in accordance with the terms of the Act. Additionally, neither implementation of the Interconnection Agreement or the First Amendment, nor any portion thereof, would be inconsistent with the public interest, convenience and necessity.

INTERCONNECTION AGREEMENT

THIS AGREEMENT is made by and between TDS Metrocom,LLCa limited liability company, and New Cingular Wireless PCS, LLC dba Cingular Wireless, a limited liability company (Cingular) and shall be deemed effective upon State Commission approval, (the "Effective Date"). This Agreement may refer to either TDS Metrocom, LLC or Cingular or both as a "party" or "parties."

WITNESSETH

WHEREAS, TDS Metrocom, LLC is a limited liability company authorized to provide telecommunications services in the state(s) of Wisconsin, Illinois, Michigan, Minnesota and North Dakota; and

WHEREAS, Cingular is a Commercial Mobile Radio Service ("CMRS") provider licensed by the Federal Communications Commission ("FCC") to provide CMRS service in the state(s) of Wisconsin, Illinois, Michigan, Minnesota and North Dakota; and

WHEREAS, the parties intend for this Interconnection Agreement to be effective in, to apply to and to be filed for approval with the Commissions of the following states: Wisconsin, Illinois, Michigan, and Minnesota; and

WHEREAS, the parties wish to interconnect their facilities and exchange traffic for the purposes of fulfilling their obligations pursuant to sections 251 and 252 of the Telecommunications Act of 1996 and to replace any and all other prior agreements, both written and oral;

NOW THEREFORE, in consideration of the mutual agreements contained herein, TDS Metrocom LLC and Cingular agree as follows:

I. Definitions. Certain terms used in this Agreement shall have the meanings as defined below. Other terms used but not defined herein will have the meanings ascribed to them in the Act or in the Rules and Regulations of the FCC or the applicable state commission. The Parties acknowledge that other terms appear in this Agreement which are not defined or ascribed as stated above. The Parties agree that any such terms shall be construed in accordance with their customary usage in the telecommunications industry as of the Effective Date of this Agreement.

A. Act means the Communications Act of 1934, as amended, including the Telecommunications Act of 1996 (Public Law 104-104 of the United States Congress effective February 8, 1996).

B. Commission is defined as the appropriate regulatory agency in each state in which the parties intend this agreement to be effective; namely,-

C. Effective Date is the date of approval of this Contract by the appropriate State Commission.

D. Indirect Traffic means traffic which is originated by one Party and terminated to the other Party in which a third-party carrier provides an intermediary transmission service.

E. InterMTA Traffic means telecommunications traffic between a LEC and a CMRS provider that, at the beginning of the call, originates in one Major Trading Area but terminates in a different Major Trading Area.

F. Local Traffic means, for purposes of reciprocal compensation under this Agreement, telecommunications traffic between the parties that, at the beginning of the call, originates and terminates within the same MTA, as defined in 47 C.F.R. 51.707(b)(2). Local traffic means all traffic except for access traffic pursuant to Section VI. (F).of this agreement..

G. Local Interconnection is defined for purposes of this Agreement as the delivery of Local Traffic to be terminated on each party's local network so that end users of either party have the ability to reach end users of the other party without the use of any access code or substantial delay in the processing of the call.

H. Major Trading Area ("MTA") means the largest FCC-authorized wireless license territory which serves as the definition for local service area for CMRS traffic for purposes of reciprocal compensation, as defined in 47 C.F.R. 24.202(a).

I. Non-Local Traffic means all traffic that is not Local Traffic, including access services, as described in section VI of this Agreement.

J. Percent Local Usage (PLU) is the ratio of the local minutes to the sum of local and interMTA minutes between the Parties sent over Local Interconnection Trunks. Directory assistance, BLV/BLVI, 900, 976, transiting calls from other exchange carriers and switched access calls are not included in the calculation of PLU.

K. Transit Traffic means Local or non-Local traffic that originated on one Party's network, transited through the other Party's network, and terminated to a third party telecommunications carrier's network.

II. Purpose

The parties desire to enter into this Agreement consistent with all applicable federal, state and local statutes, rules and regulations in effect as of the date of its execution including, without limitation, the Act at Sections 251, 252 and 271.

III. Term of the Agreement

A. The term of this Agreement shall be two years, beginning on the Effective Date.

B. Absent the receipt by one Party of written notice from the other Party at least ninety (90) days prior to the expiration of the Term to the effect that such Party does not intend to extend the Term of this Agreement, this Agreement shall automatically renew and remain in full force and effect on and after the expiration of the Term.

C. If pursuant to Section IIIB, above, this Agreement continues in full force and effect after the expiration of the Term, either Party may terminate this Agreement ninety (90) days after delivering written notice to the other Party of its intention to terminate this Agreement.

D. For any interconnection arrangements between the Parties that may already be in place prior to the Effective Date of this Interconnection Agreement, the Parties agree that, once this Agreement becomes effective, the previous interconnection arrangements shall be superceded in their entirety by this Interconnection Agreement, and the rates contained herein shall be applied, from the Effective Date forward, to all such previous interconnection arrangements.

E. In the event of default, either Party may terminate this Agreement in whole or in part provided that the non-defaulting Party so advises the defaulting Party in writing of the event of the alleged default and the defaulting Party does not remedy the alleged default within 60 days after written notice thereof. Default is defined to include:

(1) Either Party's insolvency or initiation of bankruptcy or receivership proceedings by or against the Party; or

(2) Either Party's material breach of any of the terms or conditions hereof, including the failure to make any undisputed payment when due.

F. Termination of this Agreement for any cause shall not release either Party from any liability which at the time of termination has already accrued to the other Party or which thereafter may accrue in respect to any act or omission prior to termination or from any obligation which is expressly stated herein to survive termination.

G. If upon expiration or termination of this Agreement other than pursuant to Section III E, above, the Parties are negotiating a successor agreement, during such period each Party shall continue to perform its obligations and provide the services described herein until such time as the latter agreement becomes effective; provided however, that if the Parties are unable to reach agreement within six (6) months after termination or expiration of this Agreement, either Party has the right to submit this matter to the Commission for resolution. The Parties expressly agree that the terms, conditions and rates of the successor agreement shall not be retroactive but shall apply only on a going-forward basis.

IV. Intellectual Property

A. Any intellectual property which originates from or is developed by a Party shall remain in the exclusive ownership of that Party. Except for a limited license to use patents or copyrights to the extent necessary for the Parties to use any facilities or equipment (including software) or to receive any service solely as provided under this Agreement, no license in patent, copyright, trademark, service mark or trade secret, or other proprietary or intellectual property right (collectively "Intellectual Property") now or hereafter owned, controlled or licensable by a Party, is granted to the other Party or shall be implied or arise by estoppel. It is the responsibility of LEC to ensure, at no separate or additional cost to Cingular, that LEC has obtained any necessary licenses (in relation to intellectual property of third parties used in LEC's network) to the extent of LEC's own use of facilities or equipment (including software) in the provision of service to LEC's end-user customers.

V. Local Interconnection and Compensation

A. The exchange of the parties' traffic on LEC's EAS routes shall be considered Local Traffic and compensation for the termination of such traffic shall be pursuant to the terms of this section. EAS routes are as defined in LEC's Tariff.

B. Each party will pay the other for terminating its Local Traffic (as defined in the Definitions Section of this Agreement) on the other's network the local interconnection rates as set forth in Exhibit 1. Charges for terminating traffic will be based upon accumulated conversation minutes, whole and partial, measured from receipt of answer supervision to receipt of disconnect supervision and rounded up to the next whole minute at the close of the billing period. Cingular will bill TDS Metrocom LLC a percentage of the TDS Metrocom LLC bill for the previous month for all mobile-originated usage. The traffic ratio will be based on a traffic study reviewed and approved by both parties. The traffic ratio will be shown on Exhibit 1 attached hereto. Should either Party believe there has been a material change in the ratio of land-to-mobile and mobile-to-land traffic, the foregoing traffic ratio will be adjusted by mutual agreement of the parties based upon a traffic study as described in V.C. following.

C. Either party may request a state-specific traffic study, using a minimum of 60 days of traffic information, in an effort to derive an accurate approximation of the actual traffic volumes between the parties, the results of which will be used going forward. The parties will work together to produce such study. The requesting Party shall bear all costs of the study.

VI. Methods of Interconnection

A. Each party to this agreement has the duty to interconnect directly or indirectly with the facilities and equipment of the other party. Interconnection may be accomplished via any technically feasible method including but not limited to (1) interconnection trunks, including the purchase or lease of facilities from either party, the other party; (2) physical collocation; and (3) virtual collocation where physical collocation is not practical for technical reasons or because of space limitations. Type 1, Type 2A and Type 2B interconnection arrangements may be purchased pursuant to this Agreement provided, however, that such interconnection arrangements shall be provided at the rates, terms and conditions set forth in this Agreement. Rates and charges for both virtual and physical collocation will be provided in a separate collocation agreement.

1. In addition to the methods of direct interconnection described in this Section VI, the parties acknowledge that they may also interconnect through indirect means; i.e., by connecting to a third-party intermediary carrier that provides connectivity between the parties. For example, and not by way of limitation, Cingular may establish indirect interconnection with TDS Metrocom LLC by directly connecting with a SBC or Qwest tandem. In such a case, SBC or Qwest would serve as the third-party intermediary carrier and would route to TDS Metrocom LLC traffic originated by a Cingular customer and destined for a TDS Metrocom LLC customer, and vice versa.

B. The parties will accept and provide any of the preceding methods of direct or indirect interconnection. Such interconnecting facilities shall conform, at a minimum, to the telecommunications industry standard of DS-1 pursuant to Bellcore Standard No. TR-NWT-00499. Signal transfer point, Signaling System 7 ("SS7") connectivity is required at each interconnection point after LEC implements SS7 capability within its own network. LEC will provide out-of-band signaling using Common Channel Signaling Access Capability in accordance with the technical specifications set forth in Technical Publication, TR-TSV-000905. The parties facilities' shall provide the necessary on-hook, off-hook answer and disconnect supervision and shall hand off calling party number ID when technically feasible. In the event that such facilities are used for two-way

interconnection, the appropriate recurring charges for such facilities will be shared by the parties based upon percentages equal to the actual proportion of traffic originated by each party on such facilities. If actual usage cannot be measured, the Parties agree to use the following percentages: TDS Metrocom LLC 35%, Cingular 65%, as shown in Exhibit 1 attached hereto.

C. If the parties choose direct connection, they will establish trunk groups from the interconnecting facilities of subsection (A) of this section such that each party provides a reciprocal of each trunk group established by the other party. The Parties will bear the cost of trunk groups carrying transit traffic in proportion to the amount of transit traffic originated by each Party. Notwithstanding the foregoing, the Parties may use two-way trunks, in which case, the cost will be shared as provided in paragraph B of this section.

D.

E. The parties will use a PLU factor of 100% (as shown on Exhibit 1 attached hereto) as a method for determining whether traffic is Local or Non-Local. The PLU factor will be used for traffic delivered by either party for termination on the other party's network.

F. When an Interexchange Carrier ("IXC") is used to transport traffic between the parties, each party will provide its own access services to the IXC. If access charges are billed, each party will bill its own access service rates to the IXC. The Parties may hand-off to IXCs 1+ dialed toll traffic, collect and third party dialed traffic. Whether such traffic is handed off does not impact the Parties' obligation to pay for intraMTA traffic they originate and send for termination by the other Party.

VII. Non-Local Traffic Interconnection

A. This agreement will not be applicable to the termination of non-local traffic. Non-local traffic is all traffic not encompassed within the definition of "Local Traffic" contained in Section 1.F of this Contract.

VIII. Billing

A. Charges and Payment

(1). In consideration of the services provided under this Agreement, the Parties shall pay the charges set forth in Exhibit I.

(2). The Parties shall pay invoices within 30 days from the Bill Date. If the payment due date is a Saturday, Sunday or a designated bank

holiday, payment shall be due the next business day. Invoices shall be sent to:

TDS Metrocom LLC
525 Junction Road Suite 5000
Madison Wisconsin 53717
Attention: Sally Ainsworth
Network Operations

Cingular Wireless
Facility Analyst (WI/Cleveland)
2000 W SBC Center Dr.
Hoffman Estates, IL 60195

or such other address as the parties may designate to one another on at least thirty (30) days prior written notice.

(3). Billed amounts which are being investigated, queried, or for which claims have been or may be filed, are not due for payment until such investigations, claims, or queries have been resolved in accordance with the provisions governing dispute resolution of this Agreement. Disputed amounts will not be paid into an escrow account. All bill disputes must be raised within 24 months of the date of issuance of the disputed bill. If the billing dispute is finally resolved in favor of the billing Party, late payment charges (pursuant to the immediately following paragraph) shall accrue from the date payment was originally due.

(4). The Parties will assess late payment charges to each other in accordance with the applicable tariff or, if there is no tariff, the Billing Party will assess a late payment charge equal to the lesser of 1% per month or the maximum rate allowed by law per month of the balance due, until the amount due, including late payment charges, is paid in full.

(5) All charges under this agreement shall be billed within one year from the time the charge was incurred; previously unbilled charges more than one year old shall not be billed by either party, and shall not be payable by either party.

B. Third-Party Billing

(1) Each Party acknowledges that it is the originating Party's responsibility to enter into compensation arrangements with the third-party carrier to which Transit Traffic is terminated. Each Party acknowledges that the transited Party does not have any responsibility to pay any third-party Telecommunications Carrier charges owed by the originating party to the terminating carrier for termination of any identifiable Transit Traffic from the originating Party. Both Parties reserve the right not to pay such charges on behalf of the originating Party.

(2) Each terminating Party is responsible for billing the originating company for traffic terminated on its network. For Indirect Traffic, the originating Party will provide the originating billing information to the terminating Party if technically feasible. If the originating Party cannot provide the originating billing information to the terminating Party, then the terminating Party must obtain the originating billing information from the third-party intermediary. It is each Party's responsibility to enter into appropriate contractual arrangements with the third-party intermediary company in order to obtain the originating billing information from the intermediary company.

(3) When a third party's tandem and/or transit service is used to interconnect the Parties, measurements provided by the third party may be used to determine the traffic volumes between the Parties.

(4) The Parties agree to conform to MECAB and MECOD guidelines for meet-point billing arrangements.

(5) No discrete development charges shall be imposed on either Party for the establishment of standard meet-point billing arrangements.

C. Exchange of Records

(1) The Parties agree to exchange records, for billing purposes, based upon standards mutually agreed to by the Parties. The Parties further agree they will work toward implementing a record exchange process in accordance with industry standards.

(2) The Parties agree that, until industry standards are developed, they will communicate all billing and record format information through non-industry standard processes. The Parties further agree to pursue the development of systems to manage these processes in the future. Upon development of industry standards, both Parties agree to work towards implementation of these standards.

IX. INTENTIONALLY LEFT BLANK

X. SS7

A. Where available, TDS Metrocom LLC and Cingular will provide and implement all defined and industry supported SS7 mandatory parameters as well as procedures in accordance with ANSI standards to support SS7 signaling for call setup for the interconnection trunks.

B. TDS Metrocom LLC shall support intercompany 64 KBPS clear channel where it provides such capability to its end users.

C. The Parties will cooperate in the exchange of TCAP messages to facilitate full inter-operability of SS7-based features between their networks, including all CLASS features and functions, to the extent each Party offers such features and functions to its own end users.

XI. Network Design and Management

A. The parties will work cooperatively to install and maintain reliable interconnected telecommunications networks, including but not limited to, maintenance contact numbers and escalation procedures. TDS Metrocom LLC and Cingular will provide written notice to the other of changes in the information necessary for the transmission and routing of services using its local exchange facilities or networks, as well as of any other changes that would affect the interoperability of those facilities and networks.

(1) Each Party shall provide a 24-hour contact number for network traffic management issues to the other's surveillance management center. A fax number must also be provided to facilitate event notifications for planned mass calling events. The Parties shall agree upon appropriate network traffic management control capabilities.

(2) Each Party has the duty to alert the other to any network events that can result or have resulted in service interruption, blocked calls, or negative changes in network performance. Major failures that will be reported are defined as follows:

(a) Any cable or electronics outage that affects 50% or more of the in-service lines of a central office with a duration of ten minutes or more.

(b) Toll or EAS isolation of an entire exchange with a duration of ten minutes or more.

(c) Any digital cross connect or fiber optic complete system failure lasting ten minutes or more.

B. The interconnection of all networks will be based upon accepted industry/national guidelines for transmission standards and traffic blocking criteria.

C. The parties will work cooperatively to apply sound network management principles by invoking appropriate network management controls to alleviate or prevent network congestion.

D. Neither party intends to charge rearrangement, reconfiguration, disconnection, termination or other non-recurring fees that may be associated with the initial reconfiguration of either party's network interconnection arrangement contained in this Agreement.

E. The parties will provide Common Channel Signaling (CCS) information to one another, where available and technically feasible, in conjunction with all traffic in order to enable full interoperability of CLASS features and functions except for call return. All CCS signaling parameters will be provided, including automatic number identification (ANI), originating line information (OLI) calling party category, charge number, etc. All privacy indicators will be honored, and the parties agree to cooperate on the exchange of Transactional Capabilities Application Part (TCAP) messages to facilitate full interoperability of CCS-based features between the respective networks.

F. The parties will provide each other with the proper call information, including all proper translations for routing between networks and any information necessary for billing.

G. The Parties agree to offer and provide to each other B8ZS Extended Superframe Format ("ESF") facilities, where available, capable of voice and data traffic transmission.

H. Each Party is responsible for the transport of originating calls from its network to the relevant, mutually agreed upon point of interconnection, and each Party will ensure that its facilities are compatible with the mutually agreed upon transmission and facility specifications.

I. TDS Metrocom LLC and Cingular will process maintenance requests at parity with the manner in which each party processes its own maintenance requests or maintenance requests of its affiliates.

J. TDS Metrocom LLC and Cingular will ensure that all applicable alarm systems are operational and the support databases are accurate.

K. Parties shall provide prior notification of any scheduled maintenance activity performed by the Parties that may be service affecting to the other Party.

XII. Auditing Procedures

A. Upon thirty (30) days written notice, each party must provide the other the ability and opportunity to conduct an annual audit to ensure the proper billing of

traffic between the parties. The parties will retain records of call detail for a minimum of nine months from which the PLU, the percent intermediary traffic, the percent interMTA traffic, and the PIU can be ascertained. The audit shall be accomplished during normal business hours at an office designated by the party being audited and shall be subject to scope and duration limitations reasonable under the circumstances. Audit requests shall not be submitted more frequently than one (1) time per calendar year. Audits shall be performed by a mutually acceptable independent auditor paid for by the party requesting the audit. The PLU, the percent intermediary traffic, the percent interMTA traffic and the PIU shall be adjusted based upon the audit results and shall apply to the usage for the quarter the audit was completed, the usage for the quarter prior to the completion of the audit, and to the usage for all subsequent quarters unless and until a subsequent audit is completed. . The term "audit" does not include traffic studies.

XIII. Limitation of Liability

A. Except as otherwise provided for in this paragraph, neither party shall be liable to the other party for any indirect, incidental, consequential, reliance, punitive, or special damages suffered by the other party (including without limitation damages for harm to business, lost revenues, lost savings, or lost profits suffered by the other party), regardless of the form of action, whether in contract, warranty, strict liability, or tort, including without limitation negligence of any kind whether active or passive, and regardless of whether the parties knew of the possibility that such damages could result. In no event shall either Party's liability to the other for direct damages arising out of (1) a material breach of this Agreement, or (2) activities related to or involved in performance under this Agreement (whether such alleged damages in this second category arise in contract or tort) shall not exceed an amount equal to the proportionate charge for the affected service(s) during the period in which damages occurred. If that standard is not applicable, such damages shall not exceed the total amount billed under this Agreement (during the calendar year(s) in which the damage occurred) by the damaged Party to the other Party. The foregoing shall not limit a Party's obligation as set out in this Agreement to indemnify, defend, and hold the other Party harmless against amounts payable to third parties.

B. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, NEITHER PARTY MAKES ANY REPRESENTATIONS OR WARRANTIES TO THE OTHER PARTY CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, OR FACILITIES PROVIDED UNDER THIS AGREEMENT. THE PARTIES DISCLAIM, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.

C. Neither party shall be liable to the other for any act or omission of any other telecommunications company providing a portion of a service under this Agreement.

XIV. Indemnity

A. Each party shall be indemnified, defended and held harmless by the other party against any claim, loss or damage arising from the other party's negligent or grossly negligent acts or omissions under this Agreement, or arising from the other party's intentional misconduct under this Agreement, including without limitation: 1) Claims for libel, slander, invasion of privacy, or infringement of copyright arising from the other party's own communications; 2) Claims for infringement of Intellectual Property arising from combining or using the service furnished by either party in connection with facilities or equipment furnished by either party or either party's customer; or 3) all other claims arising out of an act or omission of the other party in the course of performance pursuant to this Agreement.

B. In the case of any Loss alleged or claimed by an end user customer of either Party, the Party whose end user customer alleged or claimed such Loss shall defend and indemnify (whether the indemnifying Party was at fault or not) the other Party against any and all such claims or losses by its end user customer unless the claim or loss was caused by the gross negligence or willful misconduct of the Party to be indemnified.

XV. Modification of Agreement

A. No modification, amendment, supplement to, or waiver of the Agreement or any of its provisions shall be effective and binding upon the Parties unless it is made in writing and duly signed by the Parties.

B. In the event that any effective legislative, regulatory, judicial or other legal action materially affects any material terms of this Agreement, or the ability of the Parties to perform any material terms of this Agreement, either Party may, on thirty (30) days' written notice, require that such terms be renegotiated, and the Parties shall renegotiate in good faith such mutually acceptable new terms as may be required. In the event that such new terms are not renegotiated within ninety (90) days after such notice, the Dispute may be referred to the Dispute Resolution procedure set forth herein.

C. If any provision of this Agreement shall be held invalid, the remainder of the Agreement shall remain valid. Moreover, the Parties shall attempt to reformulate such invalid provision to give effect to such portions thereof as may be valid without defeating the intent of such provision.

XVI. Taxes and Fees

A. Any Federal, state or local excise, license, sales, use, or other taxes or tax-like charges (excluding any taxes levied on income) resulting from the performance of this Agreement shall be borne by the Party (the "Paying Party") upon which the obligation for payment is imposed under applicable law, even if the obligation to collect and remit such taxes is placed upon the other Party (the "Remitting Party"). Any such taxes shall be shown as separate items on applicable billing documents between the Parties. The Remitting Party shall collect and remit taxes unless the Paying Party provides the Remitting Party with the required evidence of exemption. The Paying Party may contest the same in good faith, at its own expense, and shall be entitled to the benefit of any refund or recovery, provided that the Paying Party shall not permit any lien to exist on any asset of the Remitting Party by reason of the contest. The Remitting Party shall cooperate fully in any such contest by the Paying Party by providing records, testimony and such additional information or assistance as may reasonably be necessary to pursue the contest. The Remitting Party shall promptly notify the Paying Party of any audit of the Remitting Party with respect to the types of taxes borne by the Paying Party, and the Remitting Party shall give the Paying Party an opportunity to participate in the audit with respect to such taxes and shall keep the Paying Party fully informed as to the progress of the audit. Each Party shall bear its own expenses with respect to the audit. The Remitting Party shall be liable for any additional tax, penalties or interest imposed on account of its failure to remit taxes on a timely basis, unless it has done so at the direction of the Paying Party.

XVII. Treatment of Proprietary and Confidential Information

A. It may be necessary for either Party, each as the "Discloser," to provide to the other Party, as "Recipient," certain proprietary and confidential information (including trade secret information) including but not limited to technical, financial, marketing, staffing and business plans and information, strategic information, proposals, request for proposals, specifications, drawings, maps, prices, costs, costing methodologies, procedures, processes, business systems, software programs, techniques, customer account data, call detail records and like information (collectively the "Information"). Nothing in this agreement shall be deemed proprietary. All such Information conveyed in writing or other tangible form shall be clearly marked with a confidential or proprietary legend. Information conveyed orally by the Discloser to Recipient shall be designated as proprietary and confidential at the time of such oral conveyance, shall be reduced to writing by the Discloser within forty-five (45) days thereafter, and shall be clearly marked with a confidential or proprietary legend.

B. Use and Protection of Information. Recipient agrees to protect such Information of the Discloser provided to Recipient from whatever source from distribution, disclosure or dissemination to anyone except employees of

Recipient with a need to know such Information solely in conjunction with Recipient's analysis of the Information and for no other purpose except as authorized herein or as otherwise authorized in writing by the Discloser. Recipient will not make any copies of the Information inspected by it.

C. Exceptions. Recipient will not have an obligation to protect any portion of the Information which: (a) is made publicly available by the Discloser or lawfully by a nonparty to this Agreement; or (b) is lawfully obtained by Recipient from any source other than Discloser; or (c) is previously known to Recipient without an obligation to keep it confidential; or (d) is released from the terms of this Agreement by Discloser upon written notice to Recipient, or (e) is disclosed pursuant to a valid order of court or regulatory body, provided the recipient gives the Discloser prior written notice of such order.

D. Recipient agrees to use the Information solely for the purposes of negotiations pursuant to 47 U.S.C. 251 or in performing its obligations under this Agreement and for no other entity or purpose, except as may be otherwise agreed to in writing by the Parties. Nothing herein shall prohibit Recipient from providing information requested by the Federal Communications Commission or a state regulatory agency with jurisdiction over this matter, or to support a request for arbitration or an allegation of failure to negotiate in good faith.

E. Recipient agrees not to publish or use the Information for any advertising, sales promotions, press releases, or publicity matters that refer either directly or indirectly to the Information or to the Discloser or any of its affiliated companies.

F. The disclosure of Information neither grants nor implies any license to the Recipient under any trademark, patent, copyright, or application which is now or may hereafter be owned by the Discloser.

G All Proprietary Information shall remain the property of the Discloser, and all documents or other tangible media delivered to the Recipient that embody such Proprietary Information shall be, at the option of the Discloser, either promptly returned to Discloser or destroyed using appropriate and reasonable means, except as otherwise may be required from time to time by Applicable Law (in which case the use and disclosure of such Proprietary Information will continue to be subject to this Agreement), upon the earlier of (i) the date on which the Recipient's need for it has expired and (ii) the expiration or termination of this Agreement.

H. The Parties agree that an impending or existing violation of any provision of this Section would cause the Discloser irreparable injury for which it would have no adequate remedy at law, and agree that Discloser shall be entitled to obtain immediate injunctive relief prohibiting such violation, in addition to any other rights and remedies available to it at law or in equity, including both specific performance and monetary damages. In the event of any breach of this Section

for which legal or equitable relief is sought, all reasonable attorney's fees and other reasonable costs associated therewith shall be recoverable by the prevailing Party.

I. Survival of Confidentiality Obligations. The Parties' rights and obligations under this Section 10 shall survive and continue in effect until two (2) years after the expiration or termination date of this Agreement with regard to all Information exchanged during the term of this Agreement.

XVIII. Resolution of Disputes

A. If a dispute arises under this Agreement, including disputes relating to any portion of an amount due to a Party, the Disputing Party shall give written notice of the dispute to the other Party. If the Parties are unable to resolve the issues within 30 days after delivery of Notice, each of the Parties shall appoint a designated representative who has authority to settle the dispute and who is at a higher level of management than the persons with direct responsibility for administration of this Agreement. The designated representatives shall meet as often as they reasonably deem necessary in order to discuss the dispute and negotiate in good faith in an effort to resolve such dispute. The specific format for such discussions will be left to the discretion of the designated representatives, provided, however, that all reasonable requests for relevant information made by one Party to the other Party shall be honored.

B. If the Parties are unable to resolve the dispute within 90 days after the Parties' appointment of designated representatives, then either Party may file a complaint with the Commission to resolve such issues or proceed with any other remedy at law or in equity. The prevailing Party shall be entitled to recover its attorneys' fees and costs. Moreover, each party reserves the right to seek judicial review of any ruling made by the Commission concerning this Agreement.

XIX. Waivers

Any failure by either party to insist upon the strict performance by the other party of any of the provisions of this Agreement shall not be deemed a waiver of any of the provisions of this Agreement, and each party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Agreement.

XX. Assignment

Other than to an affiliate, neither party may assign any of its rights or delegate any of its obligations under this Agreement without the prior written consent of the other party, which will not be unreasonably withheld. Notice of assignment must be given at least 60 days in advance of the proposed assignment.

XXI. Amendment

This Agreement may not be amended in any way except upon written consent of the parties.

XXII. Severability

In the event that any provision of this Agreement shall be held invalid, illegal, or unenforceable, it shall be severed from the Agreement and the remainder of this Agreement shall remain valid and enforceable and shall continue in full force and effect; provided however, that if any severed provisions of this Agreement are essential to any party's ability to continue to perform its material obligations hereunder, the parties shall immediately begin negotiations of new provisions to replace the severed provisions

XXIII. Survival

Any liabilities or obligations of a party for acts or omissions prior to the cancellation or termination of this Agreement, any obligation of a party under the provisions regarding indemnification, confidential information, limitations of liability and any other provisions of this Agreement which, by their terms, are contemplated to survive (or be performed after) termination of this Agreement, shall survive cancellation or termination thereof.

XXIV. Governing Law

This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the state in which it is filed, and by the Communications Act of 1934 as amended by the Act.

XXV. Arm's Length Negotiations

This Agreement was executed after arm's length negotiations between the undersigned parties and reflects the conclusion of the undersigned that this Agreement is in the best interests of all parties.

XXVI. Filing of Agreement

Upon execution of this Agreement it shall be filed with the appropriate state regulatory agency pursuant to the requirements of Section 252 of the Act.

XXVII. Notices

A. Every notice, consent, approval, or other communications required or contemplated by this Agreement shall be made in one of two manners:

(1) in writing, delivered by certified or registered mail, or

(2) by facsimile transmission, provided that a paper copy is also sent by certified or registered mail.

B. All notices, consents, approvals or other communications required or contemplated by this Agreement shall be made to the following addresses:

LEC
TDS Metrocom LLC
525 Junction Road Suite 6000
Madison, Wisconsin 53717
Attention: Manager Carrier Relations

Cingular
Cingular
5565 Glenridge Connector
Suite 1520
Atlanta, Georgia 30342
Attention: Sr. Interconnection
Manager

With a copy to:
TDS Metrocom LLC
525 Junction Road Suite 6000
Madison, Wisconsin 53717
Attention: Clec Regulatory & Legal Counsel

With a copy to:
Cingular Wireless Legal
Department
Attention: Janet Selby
16331 NE 72nd Way (RTC 1)
Redmond, WA 98052

or at such other address as the intended recipient previously shall have designated by written notice to the other party.

C. Notice by mail shall be effective on the date it is officially recorded as delivered by return receipt or equivalent. Notice by facsimile shall be effective on the date set forth on the confirmation produced by the receiving facsimile machine when received prior to 5:00 p.m. in the recipient's time zone, but the next business day when received at 5:00 p.m. or later in the recipient's time zone.

XXVIII. Relationship of Parties

It is the intention of the Parties that each shall be an independent contractor and nothing contained herein shall constitute the Parties as joint venturers, partners, employees or agents of one another, and neither Party shall have the right or power to bind or obligate the other.

XXIX. No Third Party Beneficiaries

The provisions of this Agreement are for the benefit of the Parties hereto and not for any other person, and this Agreement shall not provide any person not a Party

hereto with any remedy, claim, liability, reimbursement, right of action, or other right in excess of those existing without reference hereto. Nothing in this Agreement shall be construed to prevent Cingular from providing services to or obtaining services from other carriers.

XXX. Force Majeure

Neither Party shall be held liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence, such as acts of God, acts of civil or military authority, embargoes, epidemics, war, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, power blackouts, strikes, work stoppage affecting a supplier or unusually severe weather. No delay or other failure to perform shall be excused pursuant to this Section unless delay or failure and consequences thereof are beyond the control and without the fault or negligence of the Party claiming excusable delay or other failure to perform. In the event of any such excused delay in the performance of a Party's obligation(s) under this Agreement, the due date for the performance of the original obligation(s) shall be extended by a term equal to the time lost by reason of the delay. In the event of such delay, the delayed Party shall perform its obligations at a performance level no less than that which it uses for its own operations. In the event of such performance delay or failure by LEC, LEC agrees to resume performance in a nondiscriminatory manner and not favor its own provision of telecommunications services above that of Cingular.

XXXI. Restoration of Service In The Event Of Outages

- A. TDS Metrocom LLC and Cingular shall perform restoration of network elements and services in the event of outages due to equipment failures, human error, fire, natural disaster, acts of God, or similar occurrences at Parity. All service shall be restored as expeditiously as practicable and in a non-discriminatory manner.
- B. The Parties will provide each other with a Single Point of Contact, available twenty-four hours per day, seven days a week, for all maintenance and service problem communications.
- C. The parties will establish an escalation procedure for dealing with maintenance and service problem issues.
- D. The Parties agree that they will make reasonable efforts to restore service to the other Party at a higher priority than their own standard retail end user customers.

XXXII. Service Projections

The Parties will provide non-binding two-year intercompany forecasts for traffic utilization over trunk groups. These forecasts shall be updated semi-annually or at other standard intervals as mutually agreed to by both Parties.

XXXIII. Quality of Service

- A. Interconnection quality of service shall be at Parity with that provided by each party for its own services.
- B. A blocking standard of 1% during the average busy hour shall be maintained for all local interconnection facilities.
- C. The Parties shall negotiate a process to expedite network augmentations and other orders when initiated by the other Party.
- D. The Parties will mutually develop operating statistical process measurements to ensure that a negotiated service quality level is maintained. Such statistics will be exchanged under an agreed upon schedule.

XXXIV. Entire Agreement

This Agreement and its Exhibit, incorporated herein by this reference, sets forth the entire understanding and supersedes prior agreements between the parties relating to the subject matter contained herein and merges all prior discussions between them, and neither party shall be bound by any definition, condition, provision, representation, warranty, covenant or promise other than as expressly stated in this Agreement. In the event of any conflict between the term(s) of this Agreement and those of an applicable tariff, the terms of this Agreement shall control.

EXHIBIT 1

The following are specific percentages and compensation rates agreed to by the Parties:

1. Local interconnection rate for termination of local traffic (Paragraph V-B): \$0.010 per MOU (Minute of Use).
2. 65% of the total traffic between the Parties is mobile-originated traffic terminated by LEC (Paragraph V-B).
3. If actual usage cannot be measured, for purposes of determining the sharing of recurring charges on two-way trunks, the charges will be shared proportionately based on an assumption that 65% of the total traffic between the Parties is mobile-originated traffic terminated by LEC, and 35% of the total traffic between the Parties is LEC-originated traffic terminated by Cingular (Paragraph VI-B).
4. The Parties agree to a PLU factor of 100% (Paragraph VI-E).

ATTACHMENT 3

FIRST AMENDMENT

TO

INTERCONNECTION AGREEMENT

First Amendment to Wireless Traffic Exchange Agreement

This is an Amendment (“Amendment”) to the Wireless Traffic Exchange Agreement between the TDS Metrocom, LLC, and New Cingular Wireless PCS, LLC, and its Commercial Mobile Radio Services (“Cingular”) operating affiliates, operating as AT&T Mobility hereinafter (“AT&T Mobility”), jointly as the Parties.

WHEREAS the Parties or their predecessors in interest, previously entered into an Interconnection Agreement (the “Agreement”) pursuant to 47 U.S.C. 251/252 signed May 9, 2005. To further clarify, US Link, d/b/a TDS Metrocom is a Party to the Agreement.

WHEREAS on November 18, 2011, the Federal Communications Corporation (“FCC”) released a Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, which included enacting new rules for Intercarrier Compensation for Wireless Traffic (“*USF/ICC Transformation Order*”). A subsequent Order on Reconsideration was released December 23, 2011 modifying two aspects of the *USF/ICC Transformation Order*.

WHEREAS the rules outlined in the *USF/ICC Transformation Order* constitute a change of law.

WHEREAS, 47 C.F.R. § 20.11 and § 51.700 - § 51.715 have been amended to provide that intercarrier compensation for non-access traffic exchanged between LECs and CMRS providers will be subject to a default bill-and-keep methodology for traffic exchanged on and after July 1, 2012.

NOW THEREFORE, in consideration of the Order and change of law provision in the Agreement, Exhibit 1, shall be amended as follows:

1. Local Interconnection Rate for termination of local traffic (Paragraph V-B): *Bill and Keep

*From July 1, 2012, forward, all non-access traffic exchanged between the Parties shall be exchanged pursuant to a bill-and-keep arrangement, which means that the originating Party has no obligation to pay terminating charges to the terminating Party; regardless of any charges the originating Party may assess its end users.

IN ADDITION, the parties mutually agree to add the following to Section 3, Third-Party Billing:

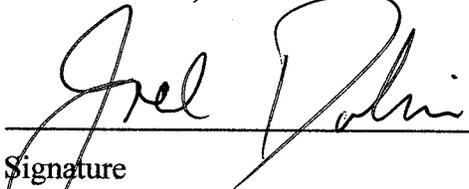

¹See *In the Matter of Connect America Fund, A National Broadband Plan for Our Future, Establishing Just and Reasonable Rates for Local Exchange Carriers, High-Cost Universal Service Support, Developing an Unified Intercarrier Compensation Regime, Federal-State Joint Board on Universal Service, Lifeline and Link-Up Universal Service Reform – Mobility Fund*, WC Docket No. 10-90, GN Docket No. 09-51, WC Docket No. 07-135, WC Docket No. 05-337, CC Docket No. 01-92, CC Docket No. 96-45, WC Docket No. 03-109, WT Docket No. 10-208, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (rel. Nov. 18, 2011) (*USF/ICC Transformation Order*).

(6) "Intermediary Traffic" is traffic that is delivered from a third-party Local Exchange Carrier or other telecommunications carrier such as a CMRS provider, through the network of either Party as an intermediate carrier to an end user of the other Party. In the event that "Intermediary Traffic" which is subject to tariffed access charges under the FCC's Inter-carrier compensation rules is routed over interconnection service facilities covered under this Agreement for any reason, each Party agrees that it will pay the applicable access compensation to the terminating Party for any and all such traffic it sends as an intermediate carrier.

Except as expressly set forth herein, the remaining terms and conditions of the Agreement shall remain in full force and effect without change. This Amendment shall be effective as of July 1, 2012 and shall remain effective as long as the Agreement remains effective between the parties.

IN WITNESS WHEREOF, the authorized representatives of the Parties hereto have signed this Amendment effective as of the date and year set forth above.
