Financial and Business Information:

4. Company Description:

Trebel, LLC is a Limited Liability Company registered with the state of Ohio. Trebel was founded in September 2010 to provide an internet platform for residential energy users to learn about deregulation and be able to compare supplier offers in one convenient place.

Both naturalgassuppliers.org and electricssuppliers.org are registered with the state of Ohio as Trade names. Over the last 12-months we have developed both sites which are functioning securely with the proper disclosures and have the ability to batch file according to each supplier's specifications.

Trebel has built out a commercial inquiry page and has been bidding and closing deals in areas where we have coverage and a competitive product offering.

Trebel also has the ability to provide energy demand and efficiency services. See attached marketing material.
