CHIEF CLERK'S OFFICE

Trebel, LLC

July 23, 2012

Application for Licensure of
Agents, Brokers and Consultants
Under Section 16-115C of the Public Utilities Act

Docket # 12-0417

Response to Administrative Law Judge's Ruling dated July 20, 2012

Technical Requirements:

- 1) From 9/2009-9/2011 Mr. Belcastro worked for Huntington National Bank (HNB) as a commercial relationship manager.
- 2) Mr. Belcastro was the relationship manager for Border Energy.
- 3) 9/2009-9/2011
- 4) Mr. Belcastro was the broker / sales liaison between the municipality and energy marketer. Talks between the municipalities began with Mr. Belcastro. In one instance Mr. Belcastro introduced and explained the benefits of an aggregation for township members. As previously stated these were recently approved. My role moving forward will be to assist with the application for Governmental Aggregation with the PUCO, help with future filings with interested third parties, and assist with notifications to community members.
- 5) While time as a "relationship manager" at HNB does not constitute time spent working in the electric industry Mr. Belcastro's role reached far beyond financial statement analysis. As an officer of the bank entrusted to lend millions of dollars his job was to have a solid understanding of the industry or markets which the client operates, who their competition is in the market, what markets they operate within,

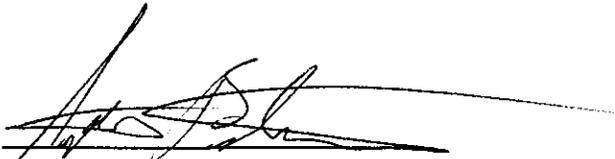

the methods of how they obtain clients down to how their pricing model works. This was necessary to truly identify the risks behind lending to a company operating in the energy markets. Risks include non-delivery of commodity, non-payment from customer, non-payment from Utility, market, regulatory and financial to name a few.

- 6) Mr. Belcastro would like to rely on his experience in the energy markets as owner of Trebel, LLC to satisfy requirements of 83 Ill. Adm. Code 454.40. Mr. Belcastro has operated Trebel, LLC since 09/2010 which is quickly approaching the two year mark.

Update to original application:

General Requirement

Section 7: Trebel, LLC has received certification from the Public Utilities Commission of Ohio to provide aggregation and power broker services within the State of Ohio effective July 19, 2012.

Scott Belcastro

Principal
