# Corporate Organizational Chart for HIKO Energy, LLC

### **Brian Gottesman, Director of Risk Management**

Brian's background in commodity trading and real estate is strongly suited for his role as HIKO Energy's primary energy trader. Understanding the unique nuances of the energy market requires attention to detail and dedication to purpose.

As the deregulated energy industry developed and spread in the last decade, Brian focused his attention on learning everything about the business, from strategies to historical trending, and best practices. Primary responsibility for trading, strategic buying and hedging, and commodity pricing, falls firmly on his able shoulders.

### **Harvey Klein, Partner**

Harvey Klein is a partner of HIKO Energy. His responsibilities encompass investor development as well as identifying and analyzing opportunities for HIKO's strategic growth.

Mr. Klein is a managing partner in a variety of other companies, including premium incentives, vending companies, and other real estate holdings.

He is a vital member of the HIKO team. Mr. Klein applies his sound business acumen to cultivate and incorporate innovative strategies for HIKO's overall success.

### **Israel Orzel, Chairman/ Managing Partner**

As Chairman and Managing Partner of HIKO Energy, Mr. Orzel is responsible for development, management, and capital marketing activities.

Mr. Orzel is also the largest investor and president of Adult Care Management, which owns and operates eight adult care facilities in the Northeast.

With over three decades of hands-on experience in the real estate and health care management industries, Mr. Orzel is well qualified to lead HIKO's executive management team.

## QUALIFICATIONS PROFILE

Performance-driven, insightful **Energy Professional** with a proven ability to achieve and exceed all business-development and revenue-generation goals in high-pressure environments. A solid record of achievement through responsible financial trading positions and asset management.

## PROFESSIONAL EXPERIENCE

### ENHANCED ENERGY SERVICES

2009-PRESENT

#### **VICE PRESIDENT RISK MANAGEMENT AND ELECTRIC OPERATIONS**

I am responsible for the scheduling, forecasting and balancing of electric customers in PJM, NYISO and NEEPOOL. I am also responsible for developing and managing pricing models and risk management strategies for our customer in gas and electric on a daily basis. Currently managing risk for over 30BCF and 500,000 MWH annually.

### GEMINI ENERGY

2006 – 2009

Consult on managing gas and electric assets, scheduling, risk for customers in NEPOOL, NYISO and PJM and developed relationships for retail and wholesale consumers of energy throughout all deregulated states in the U.S.

### PLATINUM ENERGY RESOURCES - Houston, Texas

2004 – 2011

#### **President OTC (PGRIU.OB)**

I am a member of the board of directors in an advisory role to help with optimization and capitalization of our current production and assets.

### MIECO INC – Houston, TX

2000 - 2003

#### **Vice President of Gas Operations (2001 to 2003)**

Head trader responsible for trading, profitability, physical operations and risk management for all regions. I was continually adapting the trading strategy to the ever changing market conditions. Collaborated with producers to assess individual financial situations and develop strategic solutions for hedging.

#### **Manager of Natural Gas Trading - (2000 to 2001)**

I served as key team member of the trading team services group, trading basis for all regions of the U.S. I established and maintained strong relationships with independent producers to continually help them with hedging and derivative strategies.

### SOUTHERN COMPANY ENERGY MARKETING – Atlanta, GA

1996 - 2000

#### **Senior Trader:**

*Continued...*

Managed trading within options, spreads, basis, or outright futures presenting the best risk-reward opportunity. Possessed a clear understanding of the fundamentals of the market and what that may mean for a trade outcome. Determined the true drivers of price direction (i.e., supply-led, demand-led, or speculatively-led) and how those may potentially change or have changed over time.

**Trader:**

I managed front month positions and balance of strip positions for the Northeast, Midwest and Gulf Coast financial basis desks for both gas and power. I worked with physical desks to evaluate risk reward opportunities within the scope of the risk parameters.

**Key Accomplishment:**

- Executed an effective, profitable trading strategy within several regions of trading. This allowed me to trade in several regions including Midwest, Northeast, Gulf coast and Gas daily desks.
- Key member of the East trading desk that achieved 20 million dollars of profitability in 1998 the first full year of trading. Contributed 3 million dollars of profitability in 1999 as the sole trader of the Gulf Coast region financial trading.

**ENRON CAPITAL AND TRADE** - Houston, TX

1995 - 1996

**Risk Management Specialist:**

Managed daily position reports, p/l calculations, verified trades and risk tolerances and reported those results to desk director.

**FIRST INTERSTATE BANK** - Houston, TX

1994 - 1995

**Credit Risk Analyst**

Reviewed portfolios of potential customers with balance sheets of 5 to 15 million dollars for potential default risks and reported those findings to the Risk managers as well as the loan officer.

**TRANSAMERICA MUTUAL FUNDS** - Houston, TX

1994

**Mutual Fund Analyst**

Calculated daily NAV and reported cash flows from redemptions and investments to the portfolio manager on a daily basis.

## EDUCATION AND CREDENTIALS

**Bachelor of Business Administration, Finance** (12/1993)

Texas A&M University – College Station, Texas

**Bachelor of Business Administration, Accounting** (12/1993)

Texas A&M University – College Station, Texas

**SENIOR ENERGY EXECUTIVE**

Broad expertise in regulated and unregulated electric/gas markets

***Gas & Electric Regulatory/Gas Supply Planning & Acquisition/Risk Management  
Wholesale Energy Trading/Retail Commodity Business/Marketing/Change Management***

Comprehensive regulatory, supply procurement and trading management background with distribution and generation affiliates of premier energy company and State regulatory agency. Leadership activities in merger approval; rate increase filings; gas supply planning; negotiation/execution of long-term supply contracts; trading generation assets; revenue forecasting, and marketing. Deep understanding of State/Federal regulatory matters - provided expert testimony at regulatory proceedings. Built viable teams in change-intensive, turnaround atmospheres through hands-on, practical management. Dynamic, persuasive presenter/negotiator with solid reputation for achieving consensus. Highly respected for sound business judgment.

***Regulatory Strategy and Relations*** – provided testimony and directed rate case team - \$350M annual rate relief settlement for NY and LI utilities setting major benchmark to measure public interest benefits related to \$12B acquisition by National Grid. Segmented dual fuel market resulting in pricing efficiencies that doubled net margin to \$100M

***Gas Supply Planning & Acquisition*** – regionalized \$3.5B gas supply portfolio; insourced NY/LI portfolios – \$35M off-system sales gross margin to shareholders. Instituted demanding administrative functions and controls in wake of adverse circumstances which restored credibility with LIPA and NY PSC. Negotiated Millennium path and diversified Canadian supply to include Dawn deliveries

***Wholesale Energy Trading & Retail Commodity Business*** – built specialized team to trade generation assets; physical/financial transactions achieved balance between hedging portion of margins and daily spot market prices. Exceeded annual goals - \$350M gross profits. Repositioned \$300M retail commodity business to eliminate unprofitable market segments

---

**R LUKAS CONSULTING, LLC**

2008 to Present

Develop state and federal regulatory strategies for utilities and gas and electric developers for approval of retail pricing mechanisms, project authorization filings and negotiation of rates. Create pricing model for gas and electric ESCO to compete with regulated suppliers. Acquire gas supply for large generation Development Company.

**KEYSPAN ENERGY, INC., Brooklyn, NY**

1978 to 2007

Fifth largest distributor of natural gas in United States, largest in Northeast, operating regulated utilities in New York, Massachusetts, and New Hampshire, serving 2.6M customers. Largest electric generator in New York State owning 6,500 megawatts generating capacity.

**Corporate Vice President, Regulatory Strategy and Relations** 2005 to 2007

Led enterprise-wide gas and electric regulatory activities including State rate case filings and NYISO/FERC advocacy. As principal energy supply strategist and acquisition officer, oversaw gas supply planning, negotiating/executing \$3.5B long-term supply contracts and customer choice programs; gas sales/revenue forecasting, and load research concerning \$1.5B of net LDC

margin. Staff: 57; budget: \$8M; report to Senior Vice President, Regulatory Affairs and to President, Asset Optimization Group.

- Directed rate case staff and filed testimony which resulted in comprehensive settlement for \$350M in annual rate relief for NY and LI utilities. Initial settlement provided framework against which to measure synergy savings related to \$12B acquisition by National Grid, an essential component of NY PSC approval process.
- Obtained approval for alliance structure with Merrill Lynch regarding New England gas assets which enabled sharing of off-system sales profits - \$5M shareholder benefit. Negotiated long-term pipeline contracts including multi-leg Millennium, Iroquois path.
- Segmented dual fuel market creating pricing efficiencies resulting in \$50M net margin growth, a major contributing factor in maintaining long-term rate freeze

**Corporate Vice President, Energy Trading Services** 2003 to 2005

In charge of Energy Management Contract with LIPA, bidding \$1B generation assets under contract into NYISO, as well as purchase of \$1+B of gas & oil for plants. Developed strategy for acquiring \$3.5B gas supply for LDCs; generated \$40+ M off-system sales profit through trading of assets. Staff: 43; budget: \$7.6M; reported to President, Asset Optimization Group.

**Senior Vice President, Energy Supply Business** 2001 to 2003

Traded unregulated generation assets. Strategies encompassed executing physical and financial transactions toward achieving balance between hedging a portion of margins and receiving daily spot market prices. Exceeded annual goals - \$150M energy and \$200M capacity gross profits.

**Various Positions, Rates; Gas Supply; Marketing; Strategic Planning** 1978 to 2001

Myriad responsibilities: managed marketing/sales and strategic planning groups; provided expert testimony on a broad array of rate issues including rate design and revenue forecasting.

**AMERICAN ELECTRIC POWER, New York** 1977 to 1978

**Senior Rate Engineer**

Performed time-differentiated embedded and marginal cost of service studies.

**PUBLIC SERVICE COMMISSION (PSC), New York** 1970 to 1977

Regulatory agency working to guarantee safe, secure, and reliable access to energy, telecommunications, and water services for New York's citizens and businesses

**Senior Evaluation Engineer**

Analyzed and testified on rate and service filings for Water and Electric Companies.

---

## **EDUCATION**

Bachelor of Science (BS) Degree, Chemical Engineering, City College of New York, 1970

## **ACTIVITIES/AFFILIATIONS**

Chair, Residential & Commercial Demand Task Group, for 2003 National Petroleum Council Report

Numerous speeches before IGT, AGA, Gas Mart, and other groups

Policy Co-Chair, Gas/Electric issues for National Energy Marketers Association

Past Chairman, NY State Rate Group

Secretary and Trustee, Brooklyn Children's Museum Board
