

**RATE BES-NRB
BASIC ELECTRIC SERVICE-NONRESIDENTIAL (BLENDED)**

APPLICABILITY.

* This tariff is applicable to any nonresidential retail customer (a) using electric service for nonresidential purposes for which the Company is providing bundled electric service; (b) to which the Watt-Hour Customer Group, Small Load Customer Group, or Medium Load Customer Group, as defined in the Supply Groups section of the Retail Customer Categorizations part of the General Terms and Conditions of the Company's Schedule of Rates, is applicable, or would be applicable based upon the Company's judgment with respect to such nonresidential retail customer's expected electric power and energy requirements; and (c) that meets the prerequisites of service, as applicable, provided in the Prerequisites of Service section of this tariff.

Service hereunder is not available to any retail customer to which any customer supply group other than the Watt-Hour Customer Group, Small Load Customer Group, or Medium Load Customer Group is applicable. Notwithstanding the provisions of the previous sentence, service hereunder is available to a nonresidential retail customer that is a unit owners' association, as defined in Section 2 of the Condominium Property Act regardless of the customer supply group applicable to the retail customer.

Notwithstanding the aforementioned provisions of this Applicability section, service hereunder is not applicable to any retail customer that elects to be served, and during such time that service is taken, under Rate BES-H - Basic Electric Service-Hourly Energy Pricing (Rate BES-H) or Rate RDS - Retail Delivery Service (Rate RDS).

* This tariff is not applicable to any retail customer for service provided after the May 2008 monthly billing period.

DEFINITIONS.

Definitions of terms used in this tariff are provided in the Definitions part of the General Terms and Conditions of the Company's Schedule of Rates.

PREREQUISITES OF SERVICE.

For a situation in which a nonresidential retail customer requesting service hereunder is currently receiving service from the Company under a different tariff, such nonresidential retail customer must fulfill all obligations, except timely payment for service, for which it is responsible under such other tariff prior to terminating service under such other tariff and commencing service hereunder.

NATURE OF SERVICE.

Bundled Electric Service

* Bundled electric service is the provision to retail customers of electric power and energy by the Company in accordance with the terms of this Bundled Electric Service subsection. Such provision includes (1) procurement of full requirements electric supply, including applicable transmission services and ancillary transmission services, in accordance with applicable supplier forward contracts (SFCs); (2) procurement of any other transmission services and ancillary transmission services necessary in order to provide electric power and energy to retail customers served hereunder in accordance with applicable tariffs on file with the Federal Energy Regulatory Commission (FERC); (3) delivery of the electric power and energy via the Company's distribution facilities, including the provision of reactive power and voltage support using distribution facilities, at the rates and subject to the terms, conditions, and limitations provided for in the Company's tariffs on file with the Illinois Commerce Commission (ICC); and (4) the Company's standard metering and billing that are necessary to permit eligible retail customers to receive service hereunder as permitted by law and by tariffs approved by the ICC and the FERC. No component of bundled electric service may be provided to a retail customer by a third party, and components of this bundled electric service are not available separately from the Company under this tariff.

Electrical Characteristics of Service

The electrical characteristics of the bundled electric service provided to a nonresidential retail customer served hereunder are comparable to the electrical characteristics of the electric power and energy provided or delivered to other nonresidential retail customers taking service under other tariffs included in the Company's Schedule of Rates. Such characteristics are described in the Electrical Characteristics section of the Nature of Service part of the General Terms and Conditions of the Company's Schedule of Rates.

Service and Facilities

Standard service and distribution and meter-related facilities provided by the Company for a nonresidential retail customer served hereunder are determined in accordance with the provisions of the General Terms and Conditions and other applicable tariffs in the Company's Schedule of Rates.

Notwithstanding the preceding provisions of this Service and Facilities subsection, if larger, more, or different services or distribution or meter-related facilities than those needed to provide standard electric service to the nonresidential retail customer are in place, required or requested by the nonresidential retail customer, and such services or facilities are reasonably and technically feasible, and can be furnished, installed, operated, replaced, and maintained with no significant adverse impact on the Company's system with respect to reliability or efficiency, such services or facilities are furnished, installed, owned, operated, replaced, and maintained by the Company, provided the Company is allowed to recover from the nonresidential retail customer the costs of furnishing, installing, owning, operating, replacing, and maintaining such services or facilities in accordance with its provisions for providing nonstandard services and facilities in the Company's Schedule of Rates, including but not limited to the provisions of the General Terms and Conditions, Rider DE - Distribution System Extensions (Rider DE), Rider NS - Nonstandard Services and Facilities (Rider NS), and Rider ML - Meter-Related Facilities Lease (Rider ML).

For a situation in which the Company relocates or removes Company facilities in accordance with a nonresidential retail customer's requirements or request, such relocation or removal is performed in accordance with the provisions for providing nonstandard services and facilities.

MONTHLY CHARGES.

A nonresidential retail customer served hereunder is subject to each charge described in this Monthly Charges section for each monthly billing period.

Customer Charge

The Customer Charge is applicable to the nonresidential retail customer for the monthly billing period and is equal to the Customer Charge in Rate RDS for the delivery class applicable to the nonresidential retail customer for the monthly billing period.

Standard Metering Service Charge

The Standard Metering Service Charge is applicable to the nonresidential retail customer for the monthly billing period and is equal to the Standard Metering Service Charge in Rate RDS for the delivery class applicable to the nonresidential retail customer for the monthly billing period.

Distribution Facilities Charge

For a nonresidential retail customer to which the Watt-Hour Delivery Class is applicable for the monthly billing period, the Distribution Facilities Charge is applicable to each kilowatt-hour (kWh) provided to the nonresidential retail customer during the monthly billing period and is equal to the Distribution Facilities Charge in Rate RDS for the Watt-Hour Delivery Class. For any other nonresidential retail customer served hereunder, the Distribution Facilities Charge is applicable to the Maximum Kilowatts Delivered (MKD) established by the nonresidential retail customer during the monthly billing period and is equal to the Distribution Facilities Charge in Rate RDS for the delivery class applicable to the nonresidential retail customer for the monthly billing period.

* **Transmission Services Charge**

The Transmission Services Charge (TSC) is applicable to each kWh provided to the nonresidential retail customer during the monthly billing period and is equal to \$0.00415/kWh.

The TSC is determined in accordance with the terms and conditions of applicable tariffs on file with the FERC. Within thirty (30) calendar days of the date of an order from the FERC in a transmission rate proceeding approving new or revised charges that would result in more than a three percent (3%) increase or 3% decrease in the currently applicable TSC, the Company must file with the ICC, for informational purposes, an adjusted TSC applicable for the period beginning with the monthly billing period starting after the later of (a) the date of the FERC's order, or (b) the effective date of such new or revised charges approved by the FERC, and extending through the May 2008 monthly billing period. Any such adjusted TSC filed with the ICC for informational purposes must include work papers detailing the determination of such adjusted TSC based upon the terms and conditions of applicable tariffs on file with the FERC.

MONTHLY CHARGES (CONTINUED).

* **Accuracy Assurance Factor**

The Accuracy Assurance Factor (AAF) is applicable to each kWh provided to the nonresidential retail customer during the monthly billing period and is equal to the B-AAF determined in accordance with the provisions of Rider AAF - Accuracy Assurance Factor (Rider AAF).

Supply Administration Charge

The Supply Administration Charge is applicable to the nonresidential retail customer for the monthly billing period and is equal to \$0.33.

Nonstandard Services and Facilities Charge

If the Company provides services or distribution facilities for the nonresidential retail customer served hereunder that are different from or in addition to a standard service or distribution facilities installation, certain of such services or distribution facilities are provided and charged for through a monthly amount applicable to such nonresidential retail customer for the monthly billing period and computed in accordance with the provisions of Rider NS.

Nonstandard Meter-Related Facilities Charge

If the Company provides meter-related facilities to the nonresidential retail customer served hereunder that are different from or in addition to facilities included in a standard metering installation, such meter-related facilities are provided and charged for through a rental amount applicable to such nonresidential retail customer for the monthly billing period and computed in accordance with the provisions of Rider ML.

Other Generally Applicable Charges

The Company's Schedule of Rates of which this tariff is a part includes General Terms and Conditions and riders that include other generally applicable charges. Service hereunder is subject to such General Terms and Conditions, riders, and other generally applicable charges.

Late Payment Charge

The Late Payment Charge as described in the Billing and Payment part of the General Terms and Conditions of the Company's Schedule of Rates is applicable to all charges applied in accordance with the provisions of this tariff.

MEASUREMENT OF POWER AND ENERGY PROVIDED.

Electric power and energy provided to a nonresidential retail customer served hereunder are measured in accordance with the provisions of the Measurement of Energy and Demand subsection of the Continuing Electric Service section of the Billing and Payment part of the General Terms and Conditions of the Company's Schedule of Rates.

TERM OF SERVICE.

* **Commencement of Service**

Service under this tariff does not commence until the nonresidential retail customer fulfills all applicable prerequisites of service provided in the General Terms and Conditions of the Company's Schedule of Rates. Service hereunder does not commence until all applicable prerequisites of service as provided in the Prerequisites of Service section of this tariff are met. Service hereunder commences only for a nonresidential retail customer to which the Watt-Hour Customer Group, Small Load Customer Group, or Medium Load Customer Group is applicable or that is a unit owners' association, as defined in Section 2 of the Condominium Property Act.

A nonresidential retail customer's term of service hereunder commences when the Company begins to provide service hereunder.

For a situation in which an applicant for electric service at a premises (a) has never received any tariffed service from the Company; (b) requests electric service from the Company to begin prior to the start of the June 2008 monthly billing period; (c) (i) has expected electric power and energy requirements such that, in the Company's judgment, the Watt-Hour Customer Group, Small Load Customer Group, or Medium Load Customer Group would be applicable to such applicant, or (ii) is a unit owners' association, as defined in Section 2 of the Condominium Property Act; and (d) has not requested or is not in compliance with the prerequisites of service under Rate BES-H or Rate RDS, such applicant commences service hereunder, and is designated as a nonresidential retail customer when the Company begins to provide electric service to such applicant.

TERM OF SERVICE (CONTINUED).

Termination of Service

If a nonresidential retail customer has been taking service hereunder on a continuous basis commencing January 2, 2007, such nonresidential retail customer may elect to terminate service hereunder and obtain electric power and energy supply from a Retail Electric Supplier (RES). In making such election, the provision of service hereunder terminates and the provision of service from the Company under Rate RDS commences, effective on the Company's next normally scheduled meter reading or billing cycle date for such nonresidential retail customer, provided such effective date is at least seven (7) calendar days after the Company receives a valid and applicable Direct Access Service Request (DASR) for such nonresidential retail customer and such nonresidential retail customer is in compliance with all the prerequisites of service under Rate RDS. Notwithstanding the previous provisions of this paragraph, such effective date may occur on a date other than the Company's next normally scheduled meter reading or billing cycle date for such nonresidential retail customer, provided such effective date is at least seven (7) calendar days after the Company receives a valid and applicable DASR for such nonresidential retail customer, such nonresidential retail customer is in compliance with all the prerequisites of service under Rate RDS, and such nonresidential retail customer is subject to the Nonstandard Switching Fees provided in the Nonstandard Switching Fee subsection of the Other Charges section of the Rates and Charges part of Rate RDS.

If a nonresidential retail customer has been taking service hereunder on a continuous basis commencing after January 2, 2007, but such nonresidential retail customer had never received service from the Company under any tariff prior to commencing service hereunder, such nonresidential retail customer may elect to terminate service hereunder and obtain electric power and energy supply from a RES in accordance with the provisions of the previous paragraph.

If a nonresidential retail customer has been taking service hereunder on a continuous basis commencing January 2, 2007, such nonresidential retail customer may elect to terminate service hereunder and obtain service under Rate BES-H, provided such nonresidential retail customer fulfills all prerequisites of service under Rate BES-H.

If a nonresidential retail customer has been taking service hereunder on a continuous basis commencing after January 2, 2007, but such nonresidential retail customer had never received service from the Company under any tariff prior to commencing service hereunder, such nonresidential retail customer may elect to terminate service hereunder and obtain service under Rate BES-H, provided such nonresidential retail customer fulfills all prerequisites of service under Rate BES-H.

BASIC ELECTRIC SERVICE-NONRESIDENTIAL (BLENDED)**

(Continued from Sheet No. 316)

TERM OF SERVICE (CONTINUED).

* **Termination of Service (Continued)**

If a nonresidential retail customer has been taking service hereunder on a continuous basis commencing January 2, 2007, such nonresidential retail customer may elect to obtain service under Rate RDS and Rider PPO - Power Purchase Option (Rider PPO) after the May 2008 monthly billing period, provided such nonresidential retail customer fulfills all prerequisites of service under Rate RDS and Rider PPO.

If a nonresidential retail customer has been taking service hereunder on a continuous basis commencing after January 2, 2007, but such nonresidential retail customer had never received service from the Company under any tariff prior to commencing service hereunder, such nonresidential retail customer may elect to obtain service under Rate RDS and Rider PPO after the May 2008 monthly billing period, provided such nonresidential retail customer fulfills all prerequisites of service under Rate RDS and Rider PPO.

If a nonresidential retail customer commenced or commences service hereunder after January 2, 2007, and such nonresidential retail customer had received service from the Company under a different tariff prior to such commencement date, then such nonresidential retail customer must continue to take service under a bundled electric service tariff that does not have hourly energy pricing for a period of at least twelve (12) consecutive monthly billing periods.

Notwithstanding the provisions of the previous paragraph, if a nonresidential retail customer commenced or commences service hereunder after January 2, 2007, and such nonresidential retail customer had received service from the Company under Rate RDS prior to such commencement date, but the switch from service under Rate RDS to this tariff was a direct result of such nonresidential retail customer's RES ceasing to do business as a RES in the Company's service territory, then such nonresidential retail customer is not required to continue to take service under a bundled electric service tariff that does not have hourly energy pricing for a period of at least twelve (12) consecutive monthly billing periods.

With the exception of a nonresidential retail customer that is a unit owners' association, as defined in Section 2 of the Condominium Property Act, if a customer supply group other than the Watt-Hour Customer Group, Small Load Customer Group, or Medium Load Customer Group becomes applicable to the retail customer, service hereunder is terminated.

If a nonresidential retail customer is taking service hereunder through the end of its May 2008 monthly billing period and has not requested or has not met the prerequisites of service, as applicable, to switch to Rate RDS or Rate BES-H at the start of such nonresidential retail customer's June 2008 monthly billing period, then such nonresidential retail customer is switched to Rate BES- Basic Electric Service (Rate BES) at the start of its June 2008 monthly billing period.

In the event that the nonresidential retail customer terminates service from the Company under this tariff and does not elect to obtain service from the Company under any other tariffed service at its premises due to the fact that such nonresidential retail customer is vacating the premises, service hereunder continues for not more than ten (10) days, and in no event after the May 2008 monthly billing period, after the date such nonresidential retail customer vacates the premises, provided the nonresidential retail customer provides timely notice to the Company to terminate service hereunder at such premises.
