

ICC Docket No. 12-0298 (ON REHEARING)

**Commonwealth Edison Company's Response to
The People of the State of Illinois ("AG") Data Requests
REHEARING AG 7.01 – 7.04
Date Received: October 24, 2012
Date Served: October 24, 2012**

REQUEST NO. REHEARING AG 7.01:

In light of the Company's "Errata" filing of October 23, 2012, please explain the basis, new or otherwise, for the Company's revised AMI installation timeline.

RESPONSE:

ComEd's Errata filing of October 23, 2012 is not indicative of any change in the circumstances that led ComEd to develop the revised Smart Grid Advanced Metering Infrastructure Deployment Plan ("Revised AMI Plan"). This rehearing, however, addresses whether that Plan should be approved, not the circumstances that led ComEd to propose it. The reason why the Revised AMI Plan should be approved is because it is a Plan that meets each of the statutory criteria specifically, as ComEd testimony demonstrates.
