Service Authority under Section :  
16-115 of the Public Utilities Act :  
To Expand Service Territory :

PETITION FOR CONFIDENTIAL TREATMENT

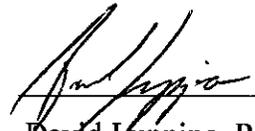

IRON ENERGY LLC ("Iron Energy"), hereby respectfully requests that the Illinois Commerce Commission ("Commission") treat the energy service contract portion of Attachment E of its Application to Expand its Service Territory as "Confidential" and not made part of the public record. In support of its Motion, Iron Energy states as follows:

1. Iron Energy has filed an Application to Expand the Service Area of their Certification of Service Authority pursuant to Section 16-115 of the Public Utilities Act.
2. Portions of the Application contain highly confidential and proprietary business and financial information. Specifically, the Application contains Iron Energy's plans and agreement terms for obtaining power supply. This information on business plans is of proprietary nature and the disclosure of this information would cause harm to Iron Energy in the highly competitive energy supply market.
3. Iron Energy requests that the protective order be in full effect for two years from the date of submission.

WHEREFORE, Applicant Iron Energy LLC respectfully requests the Chief Clerk of the Commission treat the energy services contract included in Attachment E as Confidential and sealed under protective order and not made part of the public record of Iron Energy's application and not posted on the websites of the Illinois Commerce Commission or the Office of the Clerk.
