Docket Number 12-1598

PETITION TO INTERVENE

Michael E. Lockwood petitions to intervene and be made an active party in the above described proceeding, pursuant to the Rules of Practice of the Illinois Commerce Commission, Title 83, Chapter 1b, 200.200.

1. The Petitioner is a homeowner residing in Champaign County, Illinois, and the petitioner's home and property lie along a proposed Illinois Rivers Transmission Line alternative route.
2. The transmission line: a) will dramatically decrease the Petitioner's property value, quality of life, and ability to sell the property in the future, b) will consume a large percentage of the Petitioner's small property and severely limit its future usage, c) will affect approximately 40% of the trees planted on the small property and d) the route, which is approximately 200 feet from the Petitioner's existing home, may increase health risks for anyone living in the home and create other problems.
3. As an affected property owner, the Petitioner has an interest in, and will be affected by, any decision made by the Commission in this proceeding.
4. Should the alternative route be considered, the petitioner seeks to offer other route options, and will argue that the original alternative route, as drawn, was chosen hastily and with little regard for its effect on property owners.
5. The Petitioner prays for leave to intervene and be treated as a party to the proceeding.
6. The Petitioner's address is listed below, and he agrees to accept service in this proceeding by electronic means, and requests that he be added to the service list.

Respectfully submitted,

Michael E. Lockwood

Date: 19th of December, 2012
