

NOW COMES Johnny Flores Complainant an inmate of the Illinois Department of Corrections, humbly before this Honorable Court as a poor person whom today respectfully accepts this courts ruling to dismiss.

Case 12-0127 before Illinois Commerce Commission was filed against services provided therein Logan C.C at Lincoln IL. by Consolidated Communications Public Services Inc. et. al. after institutional remedies were exhausted.

Exercising a Constitutional Right afforded to all United State Citizens, this complainant sought the assistance of this court. To which I am truly grateful of.

However, may it be duly noted that employees of the Illinois Department of Corrections have subjected this complainant to some punishment thereafter this complaint was filed; trampling on his Constitutional Rights with no reagrd or respect of the law. All facts surrounding this claim today are of Public Record thanks to this Honorable Court Processing and respect of the law.

STATUS UPDATE

The Illinois Department of Corrections' NO longer receives Telephone Services from Consolidated Communications Public Services as of March 13, 2013.

Complainant, however, still suffers the consequences after being transfered to Lawrence C.C under questionable circumstances at best. Complainant continues to seek transfer to a lower security facility to no avail.

Date; March 15,2013
