CHIEF CLERK'S OFFICE

Eligo Energy IL, LLC :
:
Application for Certificate of :
Service Authority under Section :
16-115 of the Public Utilities Act.:

Docket No. 13-0293

MOTION FOR CONFIDENTIAL TREATMENT

Eligo Energy IL, LLC ("Eligo") hereby requests the Illinois Commerce Commission ("Commission") to enter an order pursuant to 83 Ill. Adm. Code 200.430 to protect certain confidential and proprietary data and information of Eligo that has been included with Eligo's ARES Application that is being filed contemporaneously with this Motion. Specifically, Eligo requests that the Commission treat Attachment D (Responsive to Item 22, Financial Qualifications) of its Application for ARES certification as "Confidential" and not to include Attachment D as part of the public record. In support of its Motion, Eligo states as follows:

1. Eligo is filing an Application for Certification of service authority (the "Application") pursuant to Section 16-115 of the Public Utilities Act ("Act").
2. Attachment D to the Application is a statement and documents establishing the financial qualifications of Eligo. Eligo is not a publically traded company and, therefore, all of its financial information is highly confidential and is available only to those individuals on a need to know basis. The public disclosure of Eligo's financial information would create an extreme hardship for Eligo because it would give an unfair advantage to Eligo's competitors and would likely result in substantial economic damages to Eligo.
3. The electric utility business is highly competitive, and it is imperative that public disclosure of the confidential information contained in Attachment D be avoided because of the competitive harm that disclosure of such information would likely cause Eligo.

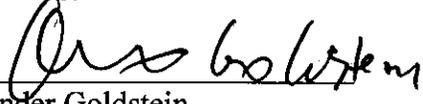

4. Section 7 of the Illinois Freedom of Information Act, 5 ILCS 140/7(1)(g) exempts from public disclosure "trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested." The confidential financial information of Eligo clearly falls within this exception.

WHEREFORE, Eligo respectfully requests that the Commission enter an Order, without hearing, protecting the confidentiality of Attachment D of Eligo's Application for ARES certification and that Attachment D be kept under seal as "Confidential" and not be made a part of the public record of Eligo's Application, and not be posted on the websites of the Illinois Commerce Commission of the Office of the Clerk.

DATED this 12 day of April, 2013

Respectfully submitted,

Eligo Energy IL, LLC
