EXPERIENCE

DCP, LLC – Founder & Managing Member

September 2011 – Present

Diversegy has created the Diversegy Consultant Program (DCP) as a highly credible and lucrative distribution opportunity wherein business-to-business professionals can build a portfolio of income from the \$1 Trillion dollar a year energy industry. As a DCP Consultant, professionals begin as a "Broker in Training" and embark upon a rich path becoming a Certified Energy Consultant earning income from retail and wholesale sales of electricity, natural gas to all customer classes across North America. Furthermore, our Consultants can earn income from a myriad of energy transactions, our advisory services, deal sourcing and the sales of energy products such as solar and LED lighting solutions.

Diversegy serves thousands of customers all across North America, and furthermore aggregates hundreds of energy delivery points on a weekly basis - the DCP allows eager and hungry professionals to capitalize on this momentum and this opportunity.

Diversegy, LLC – President & CFO

February 2011 – Present

Premier Energy Broker & Advisor and Retail Market Maker for natural gas, electricity, lighting and solar solutions in markets across North America. As a co-founder, we envision building an exciting culture in a customer-facing and fast growing company. We have had the privilege of growing Diversegy into a national company serving all customer classes in a significantly rapid timeframe.

We have a proprietary platform that has simplified and automated much of our business; we can accommodate multiple channels marketing multiple products and hundreds of thousands of sales consultants and representatives.

Precision Air Cargo, LLC – President

August 2003 – October 2012

As one of the fastest growing privately-owned air cargo companies, Precision Air Cargo (PAC), has represented clients in four continents moving freight in excess of several million kilograms. Based out of the Gulf Coast Region, PAC is recognized as a regional leader for private and independent companies looking to import or export cargo.

Texas Energy Group, LLC - President

August 2005 – May 2008

TEG Unlimited was an energy brokerage company focused on selling deregulated electricity on behalf of several well-known Texas-based Retail Electric Providers. TEG was responsible for implementing sales channels and procuring electricity on behalf of several residential and commercial customers throughout Texas.

D.H. Tire, Inc – Vice President

1987 – Present

DH Tire, Inc is a family and operated company in Houston, TX. DH is a full tire sales and service provider for the retail and commercial sector. Founded in 1987, DH has grown into one of the largest used OTR tire providers in Texas. By putting our clients first, we strive to establish long-term personal relationships built upon our client's trust in providing for their needs. DH operates a fleet of 25 trucks, each with a full trained professional tire technician. We have a complete selection of new and used tires in a variety of brands.
