Mr. Doug Scott, Chairman
Illinois Commerce Commission
527 East Capitol Avenue
Springfield, IL 62701

To Whom It May Concern,

The Sullivan Community Unit School District #300 has recently been made aware of the potential of a high voltage 345KV transmission line running through Moultrie County and portions of the Sullivan School District. As an entity that depends heavily on property tax as a source of revenue, anything that has a potential adverse effect on the Equalized Assessed Valuation (E.A.V.) of land in our school district is a concern. To our knowledge, neither the State of Illinois nor Ameren will be offering any compensation if a drop in E.A.V. due to the power lines occurs. Based on the information we have, Sullivan Community Unit School District #300 formally objects to any path for the high voltage lines that passes through Moultrie County.

Thank you for your consideration.

Sincerely,

Terry Percy
Superintendent
Sullivan C.U.S.D. #300

cc: Moultrie County Board
Sullivan City Council
