Petition for Authority to Operate a Regional Next Generation 9-1-1 Pilot Project System.

**RECOMMENDATION:** Grant Counties of Southern Illinois' Motion to Withdraw Amended Petition for Authority to Operate a Regional Next Generation 9-1-1 Pilot Project System

---

On February 3, 2012 the Counties of Southern Illinois ("CSI") filed a Petition for Authority to Operate a Regional Next Generation 9-1-1 Pilot Project System. The Petition was brought under the authority of Sections 2.22 and 11 of the Emergency Telephone System Act, 50 ILCS 750/0.01 *et seq.* An Amended Petition was filed on December 12, 2012. On May 30, 2013, CSI filed a motion to withdraw its Amended Petition. CSI's motion states that it has determined to pursue certification of its Next Generation 9-1-1 System on an individual basis with each 9-1-1 operating system.

Neither Staff nor any intervenor objects to CSI's Motion to Withdraw. No evidence has been admitted into the record in this proceeding; therefore, dismissal through a docket entry is appropriate. We recommend that the Commission grant the Motion to Withdraw Amended Petition for Authority to Operate a Regional Next Generation 9-1-1 Pilot Project System. There is no deadline for Commission action.
