

5. This letter from Ameren was the first notice I ever received of the proposed transmission line project, and of this proceeding, ICC docket 12-0598.

6. Upon investigating this matter after I received Ameren's letter, I learned that I was not notified as required because the listing of property owners and addresses filed by the Moultrie County Property Owners (MCPO) in this case on December 31, 2012 (Part 10, Exhibit C, page 13) lists the "Channon Trust" but fails to list any address. A copy of this page of the MCPO document is attached hereto as Exhibit C. In light of this document, it would have been obvious to MCPO that I was not notified of this proceeding.

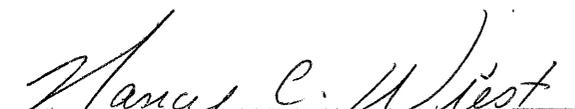

7. The Channon Family Trust property includes 84 acres located in the Northeast Quarter of Section 1, Township 15 North, Range 7 East (Garrett Township), and 256 acres located in the Northwest and Southwest Quarters of Section 6, Township 15 North, Range 8 East (Tuscola Township), and is shown on the Douglas County plat maps attached hereto as Exhibit D.

8. As shown on MCPO Corrected Exhibit 2.2, page 10 of 20, a copy of which is attached hereto as Exhibit E, the proposed MCPO Mt. Zion to Kansas route passes directly through the middle of our Channon Family Trust property. There are two right-angle turns in the transmission line located on our farm.

9. Because I was not given any notice of this proceeding, I have not had any opportunity to participate in this case, nor to propose an alternate route to the MCPO route, nor to submit testimony, nor to attend the hearing.

10. The proposed order filed in this case on July 3, 2013, recommends the approval of the MCPO route from the Macon/Piatt County border to the Kansas substation, including that part of the route which crosses directly over our Channon Family Trust property, and directly and adversely affects our family's interests.
