RE: 13-0257

To Whom It May Concern

*Response to
Motion to
Dismiss*

I have read ComEd's request to dismiss and I do not understand ComEd's statement, that their inability to respond in a timely manner is not an issue. That is one of the reasons for this filing. I DID state this orally at the preliminary hearing, I had even explained that **18 months of trying to get an answer** was ONE of the reasons why I had filed the formal complaint.

Also as I had indicated before, this is the second time this happens. I request to see maintenance logs for the time period of 2008 through June 2011 for the transformer located behind my house.

I had left a number of messages for Judge Bonita Benn's assistants to address my concerns, but to no avail. My case is being assigned to an attorney at The Center for Disability and Elder Law. I am asking for time to review this with them as it has been quite an undertaking to get outside assistance on this matter.

I respectfully request that this motion to dismiss not be honored and I be given additional time to review with my legal counsel. Should you have any questions, do not hesitate to contact me. Your assistance in this matter is greatly appreciated.

Sincerely,

Hilda Marin
