ILLINOIS COMMERCE COMMISSION

CHIEF CLERK'S OFFICE

CenterPoint Energy Services, Inc.,)
)
Application for Certificate of)
Service Authority under Section)
19-110 of the Public Utilities Act.)

Docket No. 13-0440

ERRATA

CenterPoint Energy Services, Inc. ("Applicant") hereby submits this Errata to its Application for Certificate of Service Authority ("Application") under Section 19-110 of the Public Utilities Act, which was filed on July 17, 2013. The Applicant respectfully requests that the following corrections be made to its Application.

Application, Page 4:

9. Applicant seeks authority to offer alternative gas supply services to the utility service territories of Ameren-Illinois, Nicor, Peoples Gas and North Shore Gas.

10. Applicant will provide alternative gas supply services to small commercial customer located in the aforementioned service territories. Applicant intends to provide services to residential customers in all of the aforementioned service territories, except Ameren-Illinois.

Application, Page 7:

27. Applicant serves over 25,000 customers in Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Nebraska, Ohio, Oklahoma, South Dakota, Pennsylvania, Texas, West Virginia, Wisconsin, and Wyoming and has not had any formal complaints filed against it with any regulatory agencies in any state within the last 10 years. Applicant's affiliates include regulated natural gas and electric public utilities in the states of Arkansas, Louisiana, Minnesota, Mississippi, Oklahoma and Texas

servicing approximately 5.5 million metered customers. Applicant's gas and electric utility affiliates have had various utility related customer complaints filed against them with the state utility commissions in each of those states over the past ten years. The nature of these complaints predominantly relate to meter readings, meter tampering, and billing disputes. In meter tampering complaints, if there is evidence of meter tampering by the electric end user, the electric utility will back-bill the end user in accordance with the electric utility's tariff and the Texas Public Utility Commission Substantive Rules. In turn, the end user may file a complaint contesting the back-billing and meter tampering charges applied to his/her account. Applicant is the only affiliate that offers alternative gas supply and any customer complaints received would be of a different nature and would be serviced by a different department than our regulated affiliates.

The Applicant has provided the information requested as it pertains to the complaints of its regulated affiliates in Attachment G, please let us know if you would like further information regarding the nature and/or status of these complaints.

Application, Page 8:

WHEREFORE, Applicant requests that the Commission grant its application for service authority to serve residential natural gas customers and small commercial customers to the utility service territories of Nicor, Peoples Gas and North Shore Gas and small commercial customers in Ameren-Illinois' service territory.

Application, Managerial Qualifications, Exhibit F:

ERIC W. SULLIVAN

Eric Sullivan is Division Senior Vice President at CenterPoint Energy Services, where he is responsible for the competitive energy services business across the U.S. including commercial

sales, gas supply, business operations, transportation services, marketing, utility sales, electric brokering, mobile energy solutions and all operations of CenterPoint Energy Intrastate Pipelines business. Other responsibilities include growing the mass market business segment and launching the new myTrueCost.com electric shopping website.

After completing a Bachelor of Science degree in Mechanical Engineering, Eric began his career with General Electric providing power engineering services for industrial plants and utility companies. After five years with GE, Eric joined Minnegasco in 1985.

Through his gas industry career Eric held a variety of engineering, marketing and sales positions with various CenterPoint Energy predecessor companies including NorAm Energy and Reliant Energy. Specifically, from 1989-1995 he was the Director of Energy Sales where he engaged in regulated delivery and unregulated natural gas sales activities. Prior to that, he served as Manager of Large Volume and Special Contract Sales where lead sales teams responsible for C&I customers and was responsible for strategic planning, term gas transportation contracts, and maintaining customer loyalty. In his role as Director of Midwest Markets from 1999-2005, Eric lead all marketing and sales to industrial and commercial customers in the upper Midwest, managed P&L, oversaw risk management for fixed price products and developed expansion into new Midwest energy markets. From 2006-2011, Eric served as Vice President of CenterPoint Energy Services, Inc. where he was responsible for retail natural gas in multiple markets in the U.S. regions, marketing, sales, risk control and operations associated with industrial, commercial, and institutional customers. He also managed and assessed strategic acquisitions, contract offerings, and competitive analysis.

Eric has served on the Board of Directors of Tree Trust since 2001.

Based on the aforementioned qualifications, Mr. Sullivan has four or more years of demonstrated experience in a management position with enterprise financial and administration responsibilities including profit and loss responsibilities and four years natural gas sales experience as required by Section 551.100.

GEOFFREY W. CARROLL

GEOFFREY CARROLL (Geoff) is Division Vice President of Gas Supply and Asset Management for CenterPoint Energy Services, Inc., the non-regulated natural gas marketing business of CenterPoint Energy. He was named to his present position in January 2013 where he manages and acquires natural gas supplies, transportation and storage to support end-use sales to industrial, commercial and utility customers in the eastern half of the United States. Geoff is responsible for all wholesale trading, asset optimization, gas supply and utility sales origination.

Geoff is a 30-year veteran of CenterPoint Energy and affiliates having held various management positions in Rates and Regulatory, Supply Operations, Gas Supply, Financial Trading, Wholesale Trading and Marketing. From 2005 to 2007, Geoff was Division Vice President of Term Origination responsible for commodity and structured commodity (gas) sales to utility and industrial customers throughout the Gulf Coast, Mid-Continent, Midwest, Southeast and Northeast regions of the country. Geoff also previously managed and directed the wholesale natural gas trading and sales activities in the Gulf Coast region for CenterPoint Energy Services from March 1991 through September 2005. In this role, he had enterprise financial and administration responsibilities including profit and loss responsibilities.

Mr. Carroll has been analyzing natural gas prices and services since he began his career working in the Rates and Regulatory Division of Entex as an Associate Rate Analyst in June of 1982. At that time he was involved in the financial analysis of the gas cost recovery provisions and the cost of service related to the companies numerous regulated tariff rates. In December of 1988 Mr. Carroll joined the newly created Gas Supply Department as the Coordinator of Volume Administration, assuming primary responsibility for the scheduling of natural gas from the wellhead to the Entex City Gates for ultimate delivery to the companies end use customers. In October of 1989 Mr. Carroll was named Coordinator of Gas Supply and Transportation and took on the additional role of purchasing all the gas supply for the utilities' industrial customers throughout the Gulf Coast Region including the HSC Region. In March of 1991, Mr. Carroll was promoted to Manager of Gas Supply and Transportation and was instrumental in the formation of Entex Gas Marketing Company, a non-regulated marketing affiliate, which was the predecessor to CenterPoint Energy Services, Inc. Mr. Carroll continued with the company as its Manager of Gas and Financial Trading (January 2001) and Director of Gulf Coast Gas (December 2003).

Geoff holds a degree in Economics from Stephen F. Austin University in Nacogdoches, TX.

Geoff is married to his wife Cynthia of twenty-five years and they have a twenty year-old son Michael.

Carroll

Based on the aforementioned qualifications, Mr. ~~Sullivan~~ has four or more years of demonstrated experience in a management position with enterprise financial and administration responsibilities including profit and loss responsibilities and four years natural gas sales experience as required by Section 551.100.
