RE: ICC Case 12-0598/Opposition to proposed reroute through Douglas and Piatt

Counties

Dear Commissioner Scott,

CASE #12-0598

Below is your Mission Statement

The ICC's mission is to pursue an appropriate balance between the interest of consumers and existing and emerging service providers to ensure the provision of adequate, efficient, reliable, safe and least-cost public utility services.

In the past, I believe that you have done exactly what your Mission Statement states. That is why it is so hard for me to understand your actions with Case #12-0598. I am a landowner in Douglas County. You have granted Ameren, without question, a route that goes 13 miles off course to accommodate a group called MCPO. This is NOT THE LEAST-COSTLY ROUTE NOR IS THIS EFFICIENT SERVICE. YOU ARE NOT FOLLOWING YOUR MISSION STATEMENT.

I did NOT receive due process because the letter that I received did NOT list Douglas County! As of late today, Douglas nor Piatt counties are NOT listed on Ameren's website. I have been told that there is NO opposition to this new route approved by you. That is NOT TRUE! There are signs throughout both counties in opposition and I attended a meeting on 08/01/13 in Tuscola, IL where over 300 people learned the truth about this entire situation.

I am asking that on 08/20/13 that you make the right decision and go with the route that Ameren did a 6-year study on. That would be the original route through Moultrie County.

Respectfully,

Elizabeth Jones
