Project is complete except the signage on the road closure of the removed overhead railroad bridge on 450N/TR333. Contractor has been notified that the deadline for the project is September 8, 2013, per the stipulated agreement.

I have been in Contact with CN Attorney Tom Healy. At this point, CN is challenging the remaining \$35,000 due to Clay County as per their own commitment letter of October 12, 2000. Clay County reduced CN liability by incurring costs over the corridor of projects and should be due.
