attesting to having satisfactorily completed
at least five installations of distributed generation facilities,
and attesting to Completion of a NABCEP distributed generation
technology certification program, and Attainment of NABCEP Certification**

State of Illinois)
) SS:
County of Wabash)

I, Tom Dersch, after being duly sworn, do hereby solemnly affirm and state:

- 1) That I am Vice President of Dersch Energies, Inc.
- 2) That, Dersch Energies, Inc. has completed the installation of a quantity of five (5) distributed generation facilities, such facilities being grid-interconnected solar photovoltaic power systems.
- 3) That while working in the employment and on the behalf of Dersch Energies, Inc, I have performed as an installer of distributed generation facilities, such facilities consisting of grid-interconnected solar photovoltaic power systems, and that I have overseen, directly supervised, and been involved in the installation of the quantity of five (5) such systems completed by Dersch Energies, Inc., and that I was available for consultation and review of work performed by electrical contractors who assisted with performing installations.
- 4) That, the installation included the completion of electrical wiring, back-fed breakers, and connections necessary to interconnect the distributed generation facilities with the electric utility's distribution system, considered to be the "point of interconnection" between the facility and the utility.
- 5) That, in addition to the foregoing experience which, itself shall qualify Dersch Energies, Inc. and Tom Dersch to each be a "qualified person", Tom Dersch also holds a professional installation certification from the North American Board of Certified Energy Practitioners (NABCEP), a distributed generation technology certification program relating specifically to the installation of photovoltaic solar systems (see copy of NABCEP certificate attached hereto and incorporated herein by reference).
- 6) That the experience and/or training relied upon is with the same type of distributed generation technology for which the qualification status is sought.
- 7) I swear that the contents of this Affidavit are true and this is my name and signature. I have sworn to the Affidavit the date shown below.
