

**PDM Ex. 8.1 – DR Channon-ICC 1.04**

Docket No. 12-0598 – (Rehearing)  
Response to Channon Trust's  
First Set of Data Requests to ICC Staff  
Response Date: November 7, 2013

ICC Person Responsible: Greg Rockrohr  
Title: Senior Electrical Engineer, Safety & Reliability Division  
Business Address: Illinois Commerce Commission  
527 East Capitol Avenue  
Springfield, IL 62701  
Telephone: 217/524-0695

**REQUEST Channon-ICC 1.04:**

Please state whether Staff believes the Option 1 or Option 2 site is preferable for the Mt. Zion substation should such substation be deemed necessary.

**RESPONSE:**

If Staff's alternative route from Pawnee to Mt. Zion through the Kincaid substation is adopted, Mr. Rockrohr believes that the Option 1 site would be preferable over the Option 2 site.

On October 28, 2013, Staff issued data requests ENG 11.01 – 11.03 to ATXI, requesting that ATXI provide information about an additional potential substation site that Mr. Rockrohr is evaluating: located north of Hilvety Rd. (CR 2100N), between Rosedale and Nevada Roads.
