Office of Chairman
And Commissioners

Dear Chairman Scott,

As land owners in Douglas county Illinois, we are writing to you today about ICC case #12-0598, the proposed Ameren/ATXI transmission line through Platt and Douglas counties.

We support the Commissions proposed second order on rehearing and the PDM/CFT (Channon) route. The PDM/CFT is the least-cost route, affects fewer property owners and preserves the beautiful and historic Amish country.

We oppose the miles longer, far more expensive and far more destructive MCPO route.

Respectfully,

John and Mary Burgett
