Subject: 12-0598 recent ALJ ruling.

Dear Judge,

Please consider requiring ATXI to furnish a PLAT as well as the legal description for the entire route of the transmission line as approved as well as proposed. That way those of us with a keen interest in this route can be certain that by showing the PLAT as well as its accompanying legal description the route PLAT MAP and legal description actually match. The PLAT should show the land parcels, the parcels crossed as well as the parcel owners names. I think this would be a better way for the public to translate the legal descriptions to reality on the ground. Thank you for your time and consideration.

Sincerely,

Richard M. Ehrhart

Albers, John
