AFFIDAVIT OF DONALD McWARD

Comes now, Donald McWard, being first duly sworn, did state under oath the following

1. I am over eighteen years of age and am competent to give this Affidavit;
2. I am married to Shirley McWard and we own land in Christian County, Locust Township (Sections 29 and 30), Illinois.
3. In Section 29, I own a 200 acre tract of ground that is used for agriculture.
4. In section 30, I own a 97 acre tract of ground that is used for agriculture, and it is a sesquicentennial farm.
5. I submit to the Commission a modification similar to the Raynolds and Remy modification, which is depicted as Intervenors Route in the application for rehearing. Intervenors Route will reduce the overall length of the route in Christian County and have less overall environmental impact, and which is depicted on page 6 of the application for rehearing.

6. I estimate that Intervenors Route shortens ATXI's Alternative Route 2 by approximately .75 mile. It would also eliminate three dead-end structures.

7. Based on the cost projections for this segment of the route, which are approximately \$2 million per mile, I estimate it will cost approximately \$1,500,000.00 less than Alternative Route 2.

8. Utilizing the existing transmission line corridor should not have any increased negative impact on any residential homes or structures which are already impacted by the existing transmission lines.

9. A true, correct and accurate copy of a Google map showing the two residences impacted by Intervenors Route is attached to the application for rehearing as Exhibits F & G.

10. Alternative Route 2 will come within approximately 175 feet of the home of Jamie Garrett and her family.

11. Donald and Shirley McWard's tract in Section 30 in Locust Township is a sesquicentennial farm and they plan to pass the property to their children.

12. Alternate Route 2 will impact a considerably larger amount of timber. Alternative Route 2 will require the removal of the timer between Sections 22/23 and 27/26 as shown in Exhibit F. Alternative Route 2 will also require the removal of timber in Section 29 in Locust Township. The timber in this area has environmental significance. It acts as a wind barrier as well as a wildlife habitat.

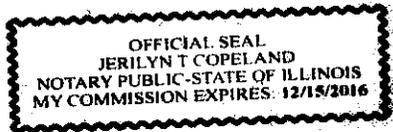

FURTHER AFFIANT SAYETH NOT

Under penalties as provided by law pursuant to Section 1-109 of the Code of Civil Procedure, the undersigned certified that statements set forth in the Affidavit of Donald McWard are true and correct.
