All –

Attached are action request spreadsheets for NS projects involving the Illinois Commerce Commission, updated for the end of 1st Quarter 2014. If an item is included on your list that is not your responsibility, please forward the request to the proper NS department.

Please note that ICC Orders/Stipulated Agreements typically require that NS file a Completion Notice and updated FRA Inventory Report within 10 days of actual completion (for ICC purposes meaning new warning devices/crossing surface material placed in service at the crossing). Please feel free to call or e-mail if you have any questions. Thanks.
