MEMORANDUM

TO: The Commission

FROM: D. Ethan Kimbrel, Administrative Law Judge

DATE: September 10, 2014

SUBJECT: Commonwealth Edison Company
Verified Petition (Conditional) Relating to 2012 Internal Audit
of Reconciliation Adjustment under Rider AMP

RECOMMENDATION: Dismiss this proceeding, with prejudice.

This matter concerns the reconciliation of revenues collected under Rider AMP, which is no longer in effect. On August 26, 2014, ComEd filed "Commonwealth Edison Company's Verified Unopposed 2014 Conditional Motion to Dismiss the Three Rider AMP Reconciliation Dockets". No party filed an objection to this Motion.

As explained in the Motion, Rider AMP was overturned on appeal and ComEd has agreed to refund the amounts collected thereunder. The parties reached an agreement on the mechanics of the refund, which include dismissing the three pending Rider AMP reconciliation dockets and Dockets 13-0589 and 07-0566. The aforementioned dockets will be before the Commission at the September 18, 2014 Regular Open Meeting. All matters at issue in this docket will have been resolved.

Accordingly, I recommend that this matter be dismissed with prejudice.
