Dear Ms. Warfield:

I am writing in response to your inquiry through the Illinois Commerce Commission. I have been unsuccessful in contacting you at (773)-627-0638 and wanted to update you with your results.

On 06/06/2014, our technician found that there is a portion of electric service registering on your meter #142002132 that originates from another location in the building. This condition may be causing you to be billed for electric service you are not using.

While this unfortunate condition does exist, it is considered an internal issued that should be address with the landlord/management company of your building.

If you have any questions regarding the above matter, please do not hesitate to contact me. If you have any additional concern, please contact our Customer Care Center at (800)334-7661.
