WATER SERVICE

PURCHASED WATER SURCHARGE RIDER

For the recovery of cost incurred by the Company for the purchase of water from the Village of Niles, Illinois, (the "Village"), the Purchased Water Surcharge Rider shall provide for a surcharge consisting of a monthly Fixed Charge and a Variable Charge. The Purchased Water Surcharge Rider will expire on June 8, 2020.

Fixed Charge

The monthly Fixed Charge shall recover costs that do not vary with the quantity of water purchased. If there are no fixed charges from the supplier, all costs shall be recovered as a variable charge. The Fixed Charge shall be calculated using the following formula:

$$FC = \frac{FSC + Rf + Of}{EBU}$$

Where:

- FC = Monthly fixed charge per equivalent billing unit to be billed to customers during the base period.
- FSC = Estimated fixed charge from the supplier during the base period.
- Rf = Utility-determined reconciliation component for the fixed charge.
- Of = Commission-ordered adjustment component for the fixed charge.
- EBU = Estimated equivalent billing units for the base period.

Variable Charge

The Variable Charge shall recover costs that vary by the quantity of water purchased plus the reconciliation component and the adjustment component and shall be charged to all customer classes based on the monthly quantity of water used by each customer,

WATER SERVICE

PURCHASED WATER SURCHARGE RIDER (Continued)

regardless of meter size. The Variable Charge shall be calculated using the following formula:

$$VC = \frac{VSC + Rv + Ov}{VBU}$$

Where:

- VC = Variable charge per variable billing unit to be billed to customers during the base period.
- VSC = Estimated variable charge from the supplier during the base period.
- Rv = Utility-determined reconciliation component for the variable charge.
- Ov = Commission-ordered adjustment component for the variable charge.
- VBU = Variable billing units for water to be billed to customers during the base period expressed in 1,000 gallon or 100 cubic feet increments.

The elements of the FC and VC calculations are defined in 83 Ill. Admin. Code 655.20.

Terms and Conditions

The determination of costs recoverable from customers through the purchased water surcharge shall not include water used in facilities either owned or leased by the Company.

The amount of any new or modified purchased water surcharge shall be shown on an information sheet supplemental to this Purchased Water Surcharge Rider. The utility shall provide supporting documentation and workpapers with the filing of each information sheet. The utility shall file the information sheet and supporting data for the purchased water surcharge no later than the 20th day of the month preceding the effective month. An information sheet and supporting data filed after that date, but prior to the first day of the effective month, shall be accepted only if it corrects an error or errors from a timely filed information sheet for the same effective date. Any other information sheet and supporting data shall be accepted only if submitted as a special permission

request to become effective on less than 45 days' notice under the provisions of Section 9-201(a) of the Act [220 ILCS 5/9-201(a)].

The purchased water surcharge shall be presented as a separate line item on the customer bills. The revenues resulting from each purchased water surcharge shall be recorded in a separate revenue subaccount.

The Company shall provide notice as required by Section 9-201(a) of the Act after the filing of each information sheet. The Company also shall post notice of such filing in accordance with the requirements of 83 Ill. Adm. Code 255.

Revenues collected under the Purchased Water Surcharge Rider shall be subject to refund or additional collection under annual reconciliation procedures in accordance with 83 Ill. Admin. Code 655.50.

WATER SERVICE

IRRIGATION SYSTEMS RATES

All customers receiving both water and sewer service from the Company may request either of the following options for measuring irrigation water that does not enter the sewer system.

- a. For an outdoor irrigation system installed on a customer's premises ("Irrigation System"), the Company will, upon request and at the customer's expense, install a separate service line ("Irrigation Service") for the Irrigation System. Upon installation of the Irrigation Service, the Company will supply and install, at the Company's expense, a water meter and remote reading device to measure the irrigation usage at the premises. The rates for irrigation water service shall consist of a monthly Water Customer Charge, the Water Usage Charge based on the amount of water used, which are the same rates as those shown on Sheet Nos. 2 and 2.1, as well as any other charges applicable to metered water customers as detailed in the Tariff with the exception of Public Fire Protection Charges. Public Fire Protection Charges will not be assessed on accounts established strictly for irrigation. For customers incorporating a separate irrigation service, sewer charges will not be assessed on the account. The irrigation account will be billed separately from the domestic water and sewer account.
- b. Customers may elect to utilize a separate water meter for irrigation originating from the domestic service line, prior to the domestic meter, for the purposes of measuring outside irrigation water separately from the domestic water usage. For such a meter installed on a customer's premises, the customer shall provide, at the customer's expense, the necessary plumbing to accommodate such a meter. The Company will, upon request of the customer and at the Company's expense, provide and install a meter and remote reading device prior to activation of the Irrigation Service. The rates for irrigation water service shall consist of a monthly Water Customer Charge, the Water Usage Charge based on the amount of water used, which are the same rates as those shown on Sheet Nos. 2 and 2.1, as well as any other charges applicable to metered water customers as detailed in the Tariff with the exception of Public Fire Protection Charges. Public Fire Protection Charges will not be assessed on accounts established
