Re: Account # 8 5000 3548 4933

Dear Mrs. Gilliam

This letter is in response to your inquiry regarding your gas bills. We understand your concern and want you to know that we conducted a thorough review of our records in an effort to resolve this billing issue.

A service specialist visited the referenced premise on May 22, 2009. Below are the findings from his report.

- He reported that the meter P1558785, supplies heat to the entire building. Also an actual meter reading of 2013 was taken from the meter.
- He reported that meter P1641999, supplies only cooking gas to the 1st floor.
- He verified that meter P1641331, supplies hot water to the entire building and cooking gas to the 2nd floor.
- He found that this building has poor insulation, six storm windows are broken and the front door is poorly insulated and cracked. The thermostat was located on the 1st floor which he indicated is your brother's apartment.

If you have any questions regarding this matter or if you would like to set up payment arrangements please call me at (312) 240-7898. A copy of this letter will be forwarded to the Citizens Utility Board.

Sincerely,

B. Campos
