ORDER

By the Commission:

I. PROCEDURAL HISTORY

On January 23, 2015, pursuant to 47 U.S.C. §252 and 83 Illinois Administrative Code Part 763, Illinois Bell Telephone Company d/b/a AT&T Illinois d/b/a AT&T Wholesale (“Illinois Bell”) and tw telecom of illinois llc (“tw telecom”), filed a joint petition for approval of the 3rd Amendment to the Interconnection Agreement dated December 31, 2015, under Section 252 of the Telecommunications Act of 1996 (47 U.S.C. §151 et seq.) (“the Act”). The Amendment was submitted with the petition. A statement in support of the petition was filed along with verifications sworn to by Ruby Lomas on behalf of Illinois Bell and by Gary Black on behalf of tw telecom, stating that the facts contained in the petition are true and correct to the best of their knowledge, information, and belief.

Since all of the information necessary to grant the requested relief is contained in the petition, no hearing was required and it was waived. On March 3, 2015, Staff filed the Verified Statement of A. Olusanjo Omoniyi of the Commission’s Telecommunications Division. On March 4, 2015, Mr. Omoniyi’s Verified Statement was admitted into evidence and the record was marked “Heard and Taken.”

II. SECTION 252 OF THE TELECOMMUNICATIONS ACT

Section 252(a)(1) of the Act allows parties to enter into negotiated agreements regarding requests for interconnection services and amendments to such agreements. Illinois Bell and tw telecom have negotiated such an Amendment and submitted it for approval in this proceeding.

Section 252(e)(1) of the Act provides, in part, that “[a]ny interconnection agreement adopted by negotiation...shall be submitted for approval to the State

Commission." This Section further provides that a State Commission to which such an agreement is submitted "shall approve or reject the agreement, with written findings as to any deficiencies." Section 252(e)(2) provides that the State Commission may only reject the negotiated agreement if it finds that "the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement" or that "the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity."

Section 252(e)(4) provides that the agreement shall be deemed approved if the State Commission fails to act within 90 days after submission by the parties. This provision further states that "(n)o State court shall have jurisdiction to review the action of a State Commission in approving or rejecting an agreement under this section". Section 252(e)(5) provides for preemption by the Federal Communications Commission if a State Commission fails to carry out its responsibility, and Section 252(e)(6) provides that any party aggrieved by a State Commission's determination on a negotiated agreement may bring an action in the appropriate Federal District Court.

Section 252(h) requires a State Commission to make a copy of each agreement approved under subsection (3) "available for public inspection and copying within 10 days after the agreement or statement is approved." Section 252(i) requires a local exchange carrier to "make available any interconnection, service, or network element provided under an agreement approved under this section to which it is a party to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement."

III. THE AGREEMENT

The Amendment extends the term of the current Commission approved and ordered Performance Measures and Remedies Plan to December 16, 2016. The Amendment shall not modify or extend the Effective Date or the Term of the underlying Agreement, but shall be coterminous with it. Except as modified in the Amendment, all other terms of and conditions of the underlying Agreement remain unchanged and in full force and effect.

IV. POSITIONS OF THE PARTIES

No party contended that the Amendment is discriminatory or contrary to the public interest. Staff reviewed the Amendment in the context of the criteria contained in Section 252(e)(2)(A) of the Act and determined that it met the necessary requirements. Under this Section, the Commission may reject an agreement, or any portion thereof, adopted by negotiation under Subsection (a) only if it finds that (i) the agreement, or a portion thereof, discriminates against as telecommunications carrier not a party to the agreement; or (ii) the implementation of such an agreement, or a portion thereof, is not consistent with the public interest, convenience and necessity.

Mr. Omoniyi stated that the Agreement meets the standards set forth in the Telecommunications Act of 1996 and is consistent with the public interest, convenience and necessity. There are no contested issues in this Docket. Staff recommended that the Commission approve the Agreement for the reasons set forth in the Verified Statement of Mr. Omoniyi. Staff also recommended that, in order to implement the Illinois Bell-tw telecom Agreement, the Commission should require Illinois Bell, within five (5) days from the date the Amendment is approved, to modify its tariffs to reference the Amendment for each service affected. Such a requirement is consistent with the Commission's Orders in previous negotiated agreement dockets and allows interested parties access to the Amendment. The following section of Illinois Bell's tariffs should reference the Amendment: Agreements with Telecommunications Carriers - ICC No. 16, Section 18.

Staff further recommended that, in order to assure that implementation of the Amendment is in the public interest, Illinois Bell should implement the Amendment by filing a verified statement with the Chief Clerk of the Commission, within five (5) days from the date this Amendment is approved, that the approved Amendment is the same as the Amendment filed in this Docket with the Verified Petition. The Chief Clerk should place the Amendment on the Commission's website under Interconnection Agreements.
