TECHNICAL LICENSING QUALIFICATIONS [Section 454.70]

10. Applicant meets the technical qualifications set forth in Part 454.70, as demonstrated in Attachment 2. Attachment 2 includes an exhibit containing occupational background information on the person or persons who are being used to meet the requirements of Part 454.70(a).

Since 2009, FS Energy, LLC has provided procurement services (both electricity and natural gas) to more than 500 participating properties in New York and New Jersey. FS Energy, LLC is a licensed agent, broker and consultant in the electric and natural gas industry in New York and New Jersey.

Tal Eyal is the person in charge of all daily operating services including maintaining relationships with clients, reviewing contract terms, negotiating rates and recommend the best practices. A copy of Tal's resume with related qualifications has been attached.

Tal Eyal is Executive Vice President of FirstService Residential New York (formerly Cooper Square Realty). In this role, he is responsible for the expenditures, operating efficiency and strategic capital planning of the company's physical offices. He is also responsible for fostering relationships with current clients and negotiating with potential clients to enlist the company's services.

Tal has nearly 25 years of experience in the real estate and property management industry and was instrumental in developing Cooper Square Realty into the largest residential management company in New York City. He is also the Founder and President of FS Project Management, the FirstService Residential subsidiary that oversees residential and commercial construction projects in the tri-state area.

Under his leadership, FS Project Management has grown into a turnkey project division that has saved clients millions of dollars. Tal's project managers lend their expertise and experience to capital improvement projects where most managing agents and building owners lack the specialized knowledge and distinct technical skills necessary for successful completion.

To date, FS Project Management has completed nearly \$50 million in residential and commercial projects throughout the tri-state area. The diversity of projects ranges from the replacement of more than 10,000 windows in less than a year in lower Manhattan, to the creation of a new heating plant within a landmark development, to development of commercial space in various locations, and a multi-million dollar office conversion to a luxury condominium.

Tal also is a founder and President of FS Energy, the energy management subsidiary of FirstService Residential which advises clients of ways to reduce energy consumption, costs and emissions while improving property values and quality of life. Since its creation in 2010, FS Energy has helped FirstService Residential clients save nearly \$20 million in energy costs while reducing the carbon footprint of the company's New York portfolio by 15.6 percent. The FS Energy Aggregation Purchasing Program has saved clients up to 15 percent on electricity and up to 9 percent on natural gas costs.

Tal joined Cooper Square Realty in 1990 as one of the firm's first property managers and was promoted to positions of increasing responsibility, including Senior Manager and Vice President, prior to being named Executive Vice President.

Tal is a Registered Apartment Manager (RAM) and a New York State licensed real estate broker. He holds a bachelor's degree in finance from a joint New York University/New York Institute of Technology program, and earned a certificate from NYU's Schack Institute of Real Estate. Tal previously served as a captain in the Israel Defense Forces.
