NOTICE OF MODIFICATION OF CABLE SERVICE AREA

1. Pursuant to Section 401(g) of the Cable and Video Competition Law of 2007, as amended (the “Law”) (220 ILCS 5/21-401(g)), Mediacom Illinois LLC (“Mediacom” or “Applicant”) hereby notifies the Illinois Commerce Commission (the “Commission”) of a modification of the cable service area footprint described in Mediacom’s Application for State-Issued Authorization to Provide Cable Service (“Application”) in the above-captioned docket that was granted on January 23, 2014.

2. In the Application, Mediacom described the service area footprint as the City of Carbondale. (Application p.1). With this Notice, Mediacom is modifying that service area footprint to include **the Village of Palestine** (the “Modified Service Area Footprint”). Attached as Exhibit 1 is a list of the local units of government that comprise the Modified Service Area Footprint, accounting for all modifications subsequent to January 23, 2014, including the Village of Palestine.

3. Concurrent with the filing of this Notice, Mediacom has served the Village of Palestine with a copy of this Notice and the Application.

4. Mediacom is an “incumbent cable operator,” within the meaning of Section 21-201(m) of the Law (220 ILCS 5/21-201(m)) with respect to the Village of Palestine, as it

provides cable or video services under a franchise agreement with the Village of Palestine that expires on September 30, 2016, and is eligible to seek this state-issued authority pursuant to Section 301(c) of the Law (220 ILCS 5/21-301(c)).

5. Pursuant to Section 301(c) of the Law, on September 14, 2015, Mediacom provided written notice to the affected local franchising authority, the Village of Palestine, and subsequently to the Illinois Commerce Commission, of Mediacom's election to terminate its existing franchise agreement with the Village of Palestine and obtain a State-issued authorization. At least 180 days have passed since Mediacom provided this notice to the local franchising authority.

6. As shown below and in the attached Affidavit, Applicant satisfies the requirements of Section 401(b)(4) of the Law (220 ILCS 5/21-401(b)(4)) and, therefore, is eligible to obtain a State-issued authorization for the Modified Service Area Footprint.

7. Mediacom will continue to offer cable service in the Village of Palestine, which is the area covered by the franchise agreement noted in ¶ 4 above, "at the same levels required by the local franchising authorities for the local unit of government on June 30, 2007." (220 ILCS 5/21-401(b)(4)). Mediacom is the long-standing incumbent cable operator serving the Village of Palestine, and consistent with its franchise obligations, its cable system/network is fully constructed. On June 30, 2007, Mediacom's franchise with the Village of Palestine required Mediacom to provide cable service to all residences where they are at least 10 residences within 1320 cable-bearing strand fee from the portion of the Grantee's trunk or distribution cable.

8. Biographical information for key personnel responsible for managing Mediacom's local cable service operations and network in the Village of Palestine is attached as

Exhibit 2.

9. The United States Census Bureau's most recent estimate of the number of low income households, as defined in Section 201(p) of the Law (220 ILCS 5/21-201(p)), located within the Village of Palestine is 47%, with 275 low income households within Mediacom's service area in the Village of Palestine. (220 ILCS 5/21-401(b)(4)). The total number of low income households in the Modified Service Area Footprint indicated in Exhibit 1 is 110,535 or 37%.

10. With respect to the Modified Service Area Footprint, Mediacom will begin to operate pursuant to the State-Issued Authorization granted it on January 23, 2014 effective the date of this Notice.

11. Under Section 401(g) of the Law, the Commission "is not required or authorized to act" upon this Notice. (220 ILCS 5/21-401(g)).
