NOTICE OR RIGHT OF SELF DEFENSE AGAINST DIGITAL UTILITY METERS, DEMAND TO CEASE AND DESIST.

To *Chistopher M. Crane* and all providers of utility services in state of Illinois and Cook county:

I am a Senior on a limited income budge.

If you are attempting installation of a digital electric meter on my property YOU ARE IN VIOLATION OF THE LAW, Digital electric meter, including but not limited to "Smart Meter" are unlawful surveillance devices (Federal Title 18, Wiretapping) Calling for prison terms for those who install those devices without consent. I hereby deny consent for any such installation on my property. Digital electric meter also violated the U.S. Constitution, 4th amendment with non-consensual search of private property, again crimes punishable with prison terms. Also digital meters unlawfully emit radiation of a type known and shown to cause cancer, neurological illnesses and injuries, and a host of symptoms and medical problems. That radiation constitutes assault (18 U.S.C sect 113:US Code-Section 113) and public endangerment, again criminal violation calling for prison sentences and major fines. All of those violation also provide for essentially unlimited civil claims. **YOU MUST IMMEDIATELY CEASE AND DESIST ALL ATTEMPTS TO INSTALL AND OPERATE, RADIATION EMITTING SURVEILLANCE , AND MONITORING DEVICES ON MY PROPERTY .**

The unsafe and unlawful characteristics of digital electric meter give me, ever right the property owner, every right to act in self defense against their use on my property.

In self defense it permissible for potential victim to violate the law against a criminal assailant. You may not consider any law or policy to have power to prevent me from defending my life, property, health and safety. If any attempt is or has been made to install a digital electric meter on my property I will take immediate defensive action by lawful removal of that meter and replacement with a legal device of my choosing. You have no recourse against the because your actions violate the law and they threaten my health, safety privacy and rights and give me right of self defense. Any digital meter installed on my property will be replace with a safe analog meter of my choosing , and this is a rightful act of self defense against your criminal and harmful act.

You are hereby on notice you may not retaliated or discriminated, by creasing and charging me extra on my utility bill because I acted in self defense against the digital meter.

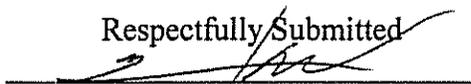

If you attempt to install a digital meter on my property you are hereby on notice that:

- 1) You, upon commission of the criminal misconduct described above, lose all right of easement , contract and policy as a utility service provider.
- 2) You , by criminal misconduct, may not retaliate in any way or deny or threaten to deny utility service as a response to my self defensive.
- 3) You by criminal misconduct, have not right to dictated any terms or demand any payment , fee, penalty, application, registration or other compliance by my refusal of your unsafe and unlawful meter.
- 4) You by criminal misconduct are and will be in liability and obligation to me for all cost and consequences of your unlawful acts.
- 5) If any person attempts to enter my property to commit an unlawful act such as to install a digital meter I will contact law enforcement with formal charges of criminal trespass and I will demand that installer be taken into custody under our formal complaints Prosecution will be sought.
- 6) You must provide a safe and lawful analog meter not capable of emitting radiation and not capable of monitoring private activities on my property.
- 7) You may not object to, obstruct, impede or penalize any self-defensive measure id deem necessary if you fail to heed this notice

You are subject to this adhesion contract upon delivery as a condition of my granting you're the privilege to provide and sell electric service to this property and to profit from that privilege. The term and conditions in this notice are forceful and binding upon you upon delivery because this notice does nothing more than state our rightful position and does not require any action by you except the avoidance of criminal violations. Criminal violations must be avoid and remedied regardless of notice.

Notice to principal is notice to agent and notice to agent is notice to principal.

Respectfully Submitted

Quinshela Wade

Dated ^{12/11/2015} ~~January~~ 11, 2015

Illinois Attorney General: Lisa Madigan
500 South Second Street , Springfield, IL [62706]

Dear Mr. Przytulski, et al

CONTINUATION OF MY COMPLAINTS to CEASE AND DESIST

I have always paid my Commonwealth Edison ("ComEd ") Electric Bill # 7600431004 timely each month, However each month I deduct the illegal refusal fee of \$21.53 from my ComEd bills. ComED have also attach illegal taxes on that illegal refusal fee, by combining the illegal refusal fee with the total bill. The taxes on the my electric bill would be less if it was not incorporated in the total bill. Please stop charging and harassing me with a illegal refusal fee.

I have a constitutional rights not to be force, threaten, punishing blackmailing harrass into excepting your Smart Meter and paying the illegal refusal fee because I refuse the smart meter. As a senior I am very concern about my health. And my constitution rights. I will never waive any of my constitution protected rights.

You (ComEd), place a pass due balance on the bill sent to me dated 12/22/2015 . I do not owe a pass due electric bill, The \$106.05, on my ComEd bill is a accumulation of ComEd illegal refusal fees, from August 2015 to December 2015.

Each month I deduct the illegal \$21.53 refusal fee.

I refuse to pay the illegal unconsitutional \$21.53 refusal fee. It is not a pass due bill. I do not owe any past due bill. (See exhibit A ComED Bill dated

12/22.2015.) ComED Bill incorrectly states "pass due bill \$106.05" , the refusal fee is not a pass due bill. (See Exhibit A).

Prior to August 2015, after several telephone conversation with ComED and before ComEd starting illegally charging me refusal fees..... April 20, 2015 and July 14, 2015, I Twice address a " NOTICE OF RIGHT Of SELF DEFENSE AGAINST DIGITAL UTILITY METER,(the smart meter and refusal fee) and made a DEMAND TO CEASE AND DESIST. to Chistopher M. Cran CEO, president, chairman of the Board ,General Manger of Commonwealth Edison and Exelon company and all provider of ComED utility service in the state of Illinois and cook county, Copies of a two page letter is attach. The united State Post office validated that ComEd, et al, receive my letter on July 20, 2015. (See Exhibit A and B.) attach. In Feburary 2015 I place a notice next to my electric meter warning ComEd not to install a smart meter on my property. (See exhibit A)

Notice to ComED

In Both my April 20, 2015 and July 14, 2015 letter and upon several telephone conversation, I gave ComEd et.al, notice that (ComEd may not retaliated nor discriminated by, increasing and charging me extra on my utility bill because I acted in self defense against the your smart meter(digital meter.), being install at 8051 S. Dorchester, I also list 7 other criminal misconduct that is forbidden against me and my property. (See Exhibit A Pg 2,)

Notice of criminal violation

I Also remind ComEd, that " the term and condition in my April 20, 2015 and July 14, 2015 letter is forceful and binding upon you upon delivery because this notice does nothing more than state my rightful position and does not require any action by you except the avoidance of crinimal violation. Criminal violations must be avoid and remedied regardless of notice

Notice to the principal is notice to agent and notice to agent is notice to the principal

It is apparent (ComED ignore my letter and (5)five month later, violated, under the color of the law, and started retaliating and charging me a refusal fee, in violation of the my constitution protected right and the law.

Per my numerous complaints, including 15- 14987 and 15-11049 and others with the Illinois Commerce Commission and my numerous ComEd telephone conversations, and my letters I sent refusing the smart meter and refusal fee (see exhibit A) I am reconfirming to (ComED) that I will be keeping my analog

electric meter. I will not pay a refusal fee, and I do not consent to having a Smart Meter from ComEd placed on my home for numerous reasons, however I incorporate all that is in my letters and have list a few other, of which follow:

1. Privacy issues (violates the 4th amendment to the US constitution)
 2. Security issues
 3. Safety issues
 4. Potential health issues
 5. Escalating utility costs
 6. It is NOT required by Illinois law.
 7. It has never been Mandated by the Federal Government.
2. It violate the 14, 13, amendment to the US constitution, and further the smart meter nor the refusal has not been mandated by the Federal Government. And;
3. According to the Illinois Public utility act forcing me and other customers to take a Smart meter and charging a “**Refusal fee**” for those opting out or refusing is **illegal**. This section took effect in 1997 and has not been changed.

Section 16-124 states “...An electric utility shall not require a residential or small commercial retail customer to take additional metering or metering capability as a condition of taking delivery services unless the Commission finds, after notice and hearing, that additional metering or metering capability is required to meet reliability requirements.” (Source: P.A. 90-561, eff. 12-16-97.)

4. I have not found any such ICC finding, meeting or notice.
5. According to the ICC Docket No. 13-0552, meeting minutes for the February 5th, 2014 ICC meeting in Chicago, the ICC sets a surcharge for the purpose of incentivizing Smart meter acceptance....Penalizing me, by charging me \$21.53 each month a refusal fee, for Refusing your smart meter is not an incentive, but rather is illegal, extortion, blackmail and unconstitutional act.

COMMISSIONER del VALLE: states:

5. “My proposed edit would be added to the Commission and Analysis and Conclusion section on page 13 of the proposed Order. It reads as follows:
Purpose of this charge is primarily to motivate customers to switch while also avoiding the socialization of costs incurred by customers’ refusals. In the interest of transparency and to insure that this tariff has the desired effect, the Commission directs ComEd to make this charge a separate line item in each customer’s bill and use language for that line item that makes it absolutely clear

that the charge is a penalty assessed as a consequence of the customer's refusal. The Commission recommends smart meter refusal charge as the language”.

The ICC rate setting for Smart Meter refusal charge is illegal as it conflicts with the Illinois Public Utilities Act section 16-124. Furthermore, the “all customers” language in the Illinois Public Utility Act Section 16-108.6 refers to the utility company’s AMI Deployment Plan, not to the customer’s acceptance of the meter. Admitting that the opt-out fee is to “motivate” means they admit its purpose is “extortion” – “the crime of obtaining something such as money or information from somebody by using force, threats, or other unacceptable methods”

And CHAIRMAN SCOTT state:

6. “When this was sold to the General Assembly, it was sold on the basis that having all these meters in place means a lot for the system. That was part of the reason behind the hundred percent language in the statute are all customers’ language in the statute. I also think we need to revisit the cost issue itself. We’ve got tariffs for similar kinds of operations that are a lot more expensive than this. I understand not wanting to have rate shock on particular customers; but the reality is whatever we don’t charge these customers, other customers are paying for. So it’s just as true that the well-to-do customer may be getting subsidized by the person of moderate or low means as well if they choose — if the person of means chooses to refuse in this case. And I don’t think that’s what anybody wants either. So I agree with you that the purpose here is to try to make sure we don’t have as many refusals. I think a cost does that, but I really think we need to continue to revisit to make sure that the cost is a correct one for a lot of different reasons”.

8. For the record, due to the legitimate reasons I have stated above, I do not consent to having the analog meter replaced by a Smart Meter and I refuse to pay the illegal smart meter refusal fee, on the above mentioned Property at 8051 S. Dorchester Chicago Illinois 60619

9. The federal government did not make Smart Meters mandatory: Energy Policy Act of 2005, Title XII, Subtitle E, Section 1252, (a), (14), (C): *"Each electric utility subject to subparagraph (A) shall provide each customer requesting a time-based rate with a time-based meter capable of enabling the utility and customer to offer and receive such rate, respectively.*
10. it is unconstitutional, and illegal for your agency(ComEd) to penalize me for refusing, and exercising constitution rights.

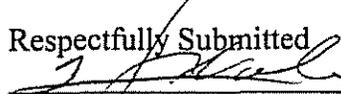

I have attach the following document as exhibit in my support. Exhibit A copy to Chistopher M Crane (CEO) et al, Exhibit B Proof of mailing. i Exhibit C copy of ComEd Bill sent to me dated 12/22/15. Exhibit D, duplicate copy of exhibit A sent on July14, 2015.

CONCLUSION

In addition to the above complaints , ComED/ the Commission should find that federal and state law prohibit the Commission from authorizing, and prohibit Commonwealth Edison from assessing, an opt-out fee or refusal fee, on any customer who refuse smart meter on their home. such a fee is a constitution violation, constitute discrimination, illegal action, force, extortion, blackmail, violation and restriction of constitution protected right. The Commission/ComED should also independently acknowledge as a matter of law, that the 13 amendment has abolish slavery.

9. I thank you for your time and consideration in this matter, and trust that ComEd will respect my Protected constitution rights, abide by my wish not to install smart meter and not to pay the illegal refusal fee, and abide and respect the Illinois state law, the constitution of the united state both federal and state and stop violating my constitution rights, because I refuse the smart meter and the illegal refusal fee. as documented in this Complaint letter. And remove the illegal refusal fee from my ComEd Bill.
