Re: Docket 07-0493 AT&T Illinois Eighth Annual Video Service Access Report

Dear Ms. Rolando:

This Eighth Annual Video Service Access Report issued by Illinois Bell Telephone Company (AT&T Illinois) is transmitted to you for filing.

This filing complies with the annual report requirement in Section 1101(j-5) of the Cable and Video Competition Law of 2013 (the "Act") (220 ILCS 5/21-100. et seq.).

On October 24, 2007, the Illinois Commerce Commission (the "Commission") approved the "Application for State-issued Authorization to Provide Video Service," filed by AT&T Illinois and granted it authority to provide video service in the requested video service area footprint. As a holder of that State-issued authorization, AT&T Illinois is subject to the video service access requirements in Section 21-1101(c) of the Act, and is required to file with the Commission video services access reports no later than April 1 annually. This annual report provides to the Commission the service access information and low-income information required by Section 21-1101(j-5) of the Act.

As demonstrated with the Fifth Annual Video Service Access Report, AT&T Illinois fully satisfied all requirements in subsection (c) as of its filing on March 22, 2013. As such only the subsection (j-5) reporting requirements continue to apply. To satisfy the subsection (j-5) reporting requirement, AT&T Illinois submits Attachment 1.

We respectfully request Commission acceptance of this Report.

Any questions and correspondence regarding this filing should be directed to Deno Perdiou, Director External & Regulatory Affairs, who may be reached at:

Definitions and Descriptions

Attachment 1 – Statewide and Designated Market Areas

Definitions and Descriptions for Attachments 1

“Access” means that AT&T Illinois is capable of providing video services at the household address using any technology, other than direct-to-home satellite service, which provides two-way broadband internet capability and video programming, content and functionality, regardless of whether any customer has ordered service or whether the owner or landlord or other responsible person has granted access to the household.

“HH” or “Household” means a house, an apartment, a mobile home, a group of rooms, or a single room that is intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live and eat separately from any other persons in the building and which have direct access from the outside of the building or through a common hall.

“LI” or “Low-income household” means those residential households located within the AT&T Illinois’ existing telecommunications service area where the average annual household income is less than \$35,000 based on the United States Census Bureau estimates adjusted annually to reflect rate of change and distribution.

“Designated Market Area” or “DMA” means a designated market area, as determined by Nielsen Media Research and published in the 1999-2000 Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publication. For any designated market area that crosses State lines, only households in the portion of the designated market area that is located within AT&T Illinois’ telecommunications service area where access to video service will be offered is included.

“Telco Footprint” shows the number of households in AT&T Illinois’ telecommunications service area at statewide and DMA levels.

“Current Build Footprint” and “Current Build Coverage %” shows the number and percent of households with access to video service in areas within AT&T Illinois’ State-issued authorization at statewide and DMA levels.

“Footprint LI” and “Footprint LI %” shows the number and percent of low-income households in AT&T Illinois’ Telecommunications service area at statewide and DMA levels.

“Current Build LI” and “Current Build LI %” shows the number and percent of low-income households with access to video service in areas within AT&T Illinois’ State-issued authorization at statewide and DMA levels.
