Ameren:

Good Afternoon Dina,

Your email was forwarded on to me. My name is Patrick Eynon and I handle all Retail Electric Supplier (RES) registrations with Ameren. If you instead plan on registering with Ameren on the gas side, please let me know and I'll pass this email on to the appropriate people here at Ameren who handle gas supplier registrations.

Once your company is ready to pursue electric registration with Ameren, please note that all electric registration requirements are posted to the RES Registration Information page on Ameren's RES Portal.

I'd like to bring your attention to an Ameren electric registration requirement that typically causes the biggest delay: the acquisition of a MISO Commercial Pricing Node (CPNode). MISO has strict deadlines on when a CPNode can be applied for and effectuated. For example, the next deadline to register a CPNode is on or before 09-15-15 to effectuate that CPNode as of the 12-01-15 MISO model release. If the 09-15-15 deadline is missed, then the next deadline is 12-15-15 to effectuate a CPNode as of the 03-01-16 MISO model release. So, if you haven't already done so, consider reaching out to your MISO representative to get the ball rolling with respect to applying for a CPNode.

If I can be of any assistance regarding Ameren registration, please do not hesitate to contact me.
