(TCPA Litigation) Has ComEd planned or implemented any changes to its Outage Alert Program as a result of the FCC Declaratory Order released on August 4, 2016 in CG Docket No. 02-278? Please describe in detail each change that has been or will be made and the reason(s) for such changes.

RESPONSE:

ComEd objects to this request on the grounds that it is not reasonably calculated to lead to the discovery of relevant and admissible evidence. The request also seeks information that is not relevant to the costs at issue in the instant Formula Rate Update proceeding. Subject to, and without waiving these specific objections, or any ComEd's General Objections, ComEd responds as follows:

No, ComEd has not planned or implemented any changes to the Outage Alert Program in the thirteen days since the FCC Declaratory Order was released on August 4, 2016 in CG Docket No. 02-278.
