**RESIDENTIAL ELECTRIC DELIVERY SERVICE**

**AVAILABILITY**

Available for any Residential Customer for delivery by Company of electric power and energy used for residential purposes. Where a residence and business are combined in one premise, the service classification shall be determined by the predominant electric use at the premise. Service under this schedule is available to any Residential customer regardless of whether that Customer purchases electric power and energy from the Company or from another supplier. For purposes of Delivery Service in situations where the Customer purchases power and energy from a supplier other than the Company, no distinction is made between general service and space heat customers, and this tariff will apply to both general service and space heat customers who choose to purchase energy from another supplier.

**NET RATE PER MONTH**

**Customer Charge**

\* \$15.00

The Customer Charge contains the cost of metering and meter reading. If any customer taking service under this tariff wishes to take metering service from a third party supplier of metering, the Company will calculate the cost of metering included in the Customer Charge and subtract it from the charge applied each month.

**Energy Delivery Charge**

\* 7.80¢ per KWH for all KWH of electric power and energy delivered to the Customer each month regardless of the source of the electric power and energy delivered.

**MINIMUM BILL**

The minimum bill shall be the net monthly customer charge.

**TERMS OF PAYMENT**

Accounts not paid within 21 days of the date of the postmark of the bill shall be considered delinquent.

**TERMS AND CONDITIONS**

(1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the Terms and Conditions of Delivery Service.

(2) Rural Service shall further be subject to special terms and conditions set out on Ill C C No 8, sheets No 15 and 15.1 of this Schedule.

**FUEL CLAUSE**

The terms of Rider B apply to service under this rate schedule only if the Customer has chosen to purchase power and energy from the Company. The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

## RESIDENTIAL ELECTRIC SPACE HEATING SERVICE

### AVAILABILITY

Available upon application for any residential customer served by the Company under the Residential Electric Service Rate who has permanently installed and is using a heat pump or resistance heating as the primary source of space heating the customer's premises used for residential purposes.

### NET RATE PER MONTH

#### Customer Charge

\* \$15.00

#### Energy Delivery Charge

\* 5.76¢ per KWH for all KWH used each month.

### MINIMUM BILL

The minimum bill shall be the net monthly customer charge.

### TERMS OF PAYMENT

Accounts not paid within 21 days of the date of the postmark of the bill shall be considered delinquent.

### TERMS AND CONDITIONS

(1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the following further conditions.

(2) Service will not be furnished for heating units totaling in excess of 6 kilowatts operated by a single control.

(3) The Company shall be consulted before installation and/or building construction is started. The Company recommends that the installation be made in accordance with approved electric heating standards for best electric heating results. Company may require inspection of the electric heating installation by its representatives to determine that the installation conforms with their requirements, but the Company will accept no responsibility for the design or installation of such equipment nor for the proper functioning of such equipment following installation.

### FUEL CLAUSE

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

## COMMERCIAL ELECTRIC DELIVERY SERVICE

### AVAILABILITY

Available to any Commercial Customer for delivery of electric power and energy for commercial lighting or commercial power or both, regardless of whether the Customer purchases electric power and energy from the Company or another supplier. Service under this rate shall be for a single premise only and shall be measured through one meter unless, at the option of the Company, more than one meter is considered necessary, in which case the readings of such meters will be combined for billing purposes. For purposes of Delivery Service in situations where the Customer purchases power and energy from a supplier other than the Company, no distinction is made between general service and space heat customers, and this tariff will apply to both general service and space heat customers who choose to purchase energy from another supplier.

### NET RATE PER MONTH

#### Customer Charge

\* \$30.00

#### Energy Delivery Charge

\* 7.87¢ per KWH for all KWH delivered to the Customer each month regardless of the source of the power and energy.

### MINIMUM BILL

The minimum bill shall be the net monthly customer charge.

### TERMS OF PAYMENT

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

### TERMS AND CONDITIONS

- (1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the Terms and Conditions of Delivery Service.
- (2) Service to commercial customers in rural territory shall further be subject to special terms and conditions set out on Ill C C No 8, sheets No 15 and 15.1 of this Schedule.

### FUEL CLAUSE

The terms of Rider B apply to service under this rate schedule only if the Customer has chosen to purchase power and energy from the Company. The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

**COMMERCIAL ELECTRIC SPACE HEATING SERVICE**

**AVAILABILITY**

Available upon application for any commercial customer who is normally served under Company's Commercial Electric Service Schedule who has permanently installed and is using a heat pump or resistance heating as the primary source of space heating in that section of the customer's premises where it is used and the space so heated is adequately separated from spaces heated by other than electric heating.

**NET RATE PER MONTH**

\* 6.70¢ per kilowatt hour for all kilowatt hours used each month.

The above rate applies to all kilowatt hours used each month through the separate meter, hereinafter specified, during the monthly billing period ending in October of each year and the following seven consecutive monthly billing periods. The Customer's use in the remaining monthly billing periods shall be combined with the monthly use of the Customer for lighting and power service for billing purposes.

**CUSTOMER CHARGE**

The heating season monthly customer charge shall be \$36.00.

**TERMS OF PAYMENT**

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

**TERMS AND CONDITIONS**

- (1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the following further conditions.
- (2) All resistance units, to be served under the provisions of this rate, totaling in excess of 6 kilowatts operated by a single control must be approved by the Company.
- (3) Service will be supplied through a separate circuit, furnished by customer, to which no apparatus other than equipment designated in the provisions of this rate may be connected and will be measured through a meter furnished and owned by the Company.
- (4) When all water heating and cooking is furnished by electrical equipment for the area heated electrically, such equipment, subject to the provisions of this rate, may be connected to the space heating circuit. Space cooling equipment which provides cooling in such areas heated electrically, subject to the provisions of this rate, may also be connected to the space heating circuit.

**LARGE LIGHT AND POWER ELECTRIC DELIVERY SERVICE**

**AVAILABILITY**

Available for any customer within the territory served by Company that guarantees a demand of not less than 10 kilowatts each month for billing purposes. Available to any qualifying customer regardless of whether that customer purchases electric power and energy from the Company or another supplier.

**NET RATE PER MONTH**

**Customer Charge:**

\* \$150.00 for customers that had less than 10 megawatts peak demand during the previous calendar year, and \$394.57 for customers having a peak demand equal to or greater than 10 megawatts during the previous calendar year.

**Demand Charge:**

\$10.00 per kilowatt for all kilowatts of the Customer's monthly maximum demand. The demand charge is applicable to Customers that purchase power and energy from the Company.

**Monthly Maximum Demand**

The monthly maximum demand shall be the highest rate of use of energy during any 15 consecutive minutes occurring in such month. Company may determine the average lagging power factor each month, and if found to be less than 85 percent, the demand charge in such month shall be increased by an amount equal to 23 cents for each kilovolt-ampere, or fraction thereof, of capacitors required to correct the power factor to 95 percent lagging.

**Energy Delivery Charge**

\* 3.69 ¢ per KWH for all KWH used

**Voltage Credit**

When the customer agrees to accept delivery of energy at the available primary voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 6 percent of the amount of the customer's net demand charges will be allowed.

When the customer agrees to accept delivery of energy at the available transmission voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 10 percent of the amount of the customer's net demand charges will be allowed.

**OUTDOOR AREA LIGHTING DELIVERY SERVICE**

**AVAILABILITY**

This rate will be available to any customer regardless of whether they purchase electric energy from the Company or from another supplier. This classification is available to any customer located in Company's territory for lighting outdoor areas, where the period of lighting is limited from dusk to dawn, provided:

- (a) customer contracts for service in accordance with Section 4 hereof.
- (b) customer is located adjacent to Company lines from which such service can be rendered.

**CONDITIONS OF SERVICE**

- (a) Company shall furnish and install on customer's premises an automatically controlled lighting luminaire with a clear mercury vapor bulb and IES Type V refractor on 2-1/2 foot mounting bracket, and such fixture shall be attached to a distribution type wood pole. company shall furnish all electric energy required to operate such fixture.
- (b) all lamps and additional facilities of Company shall be operated and maintained by Company, but Company shall be allowed a reasonable time to make repairs and replacements during regular working hours.

**RATE**

**(a) Base Charges**

If the customer takes no other electric service from Company, a customer charge will be incurred as follows:

\$4.50

If the lighting fixture can be installed on an existing distribution type wood pole and service can be supplied from an existing overhead secondary circuit on said pole, the monthly charge applicable to such installation shall be as follows:

<u>TYPE OF LAMP</u>	<u>LAMP WATT</u>	<u>LUMEN RATING</u>	<u>CHARGE PER MONTH</u>
* Mercury Vapor	175	7,000	\$5.70
* Mercury Vapor	400	23,000	\$8.40
