 Lansing IL 60433 is a qualified )  
 22 solid waste to energy facility as )  
 defined in Section 8-403.1 of the )  
 Illinois Public Utilities Act. )

1 Q Isn't it correct that no gas producing  
2 or sales public utility or utility holding company  
3 has any ownership or operating interest in any of  
4 these facilities?

5 A That's correct.

6 Q Thank you. No company producing useful  
7 thermal energy has any ownership or operating  
8 interest in any of these facilities?

9 A That's correct.

10 Q Thank you. Is it correct that RTC  
11 already owns and operates this type of  
12 landfill-generating facility in  
13 Connecticut?

14 A Yes.

15 Q And has plans to develop similar  
16 facilities in other states in U.S. territories?

17 A Yes.

18 Q What are those other states, please?

19 A Georgia, Texas, Kentucky, New York, as  
20 well as Puerto Rico.

21 Q Good. And is that one for each of those  
22 states or is there --
