We have one resolution on today's agenda concerning support for Illinois Rail Safety Week.

We have a brief, very brief staff presentation. Please join us.

MR. HUGH: My name is Chip Hugh. I'm in the Rail Safety Division. I oversee all the railroad safety education and outreach for Illinois.

It is Rail Safety Week. It's our fourth Rail Safety Week in Illinois and the first one nationally.

And one of the things that we are really promoting is this unique blue sign that is now a requirement at every railroad crossing nationwide, over 200,000.

It has the crossing's unique address; six numbers followed by a letter and the contact number for the railroad.

When you ask most people, they say "Well, I will get out of the car and call 911." But this is the easiest, most effective way to contact the railroads, is by this blue sign.
I just want to thank you the Commission for recognizing again Rail Safety Week. And we are going to do the best job we can to keep people in Illinois safe.

CHAIRMAN SHEAHAN: Thank you, Chip. Are there any objections to adopt the resolution?

(No response.) Hearing none, the resolution is adopted.

(Whereupon, the above matter was adjourned.)
