Re: Notice of Admendments (NOA#'s 2014-A001-00057 and 2014-A001-00058)

Dear Mr. Burk:

This letter is to inform you that the Massac County Housing Authority is in discussions with Liberty utilities to take over our gas line system. The initial meeting went very well and we are expecting a fairly quick decision on this process.

In response to your letter written on May 29, 2014, I ask that you would grant us an extension on the requirements within that letter. Those requirements most likely would be meet with Liberty utilities plan.

Sincerely,

Paul McKnight
Executive Director
