Re: Request for Extension on Submittal of the Distribution Integrity Management Plan

Reference: Meeting between the ICC and PGL on May 1, 2015

Dear Mr. Smith:

In the Reference, The Peoples Gas Light and Coke Company (PGL) verbally committed to the Illinois Commerce Commission (ICC) to complete its revision of the Distribution Integrity Management Plan (DIMP) by September 30, 2015. This letter is a request of PGL to the ICC for an extension on the submittal date of the DIMP. PGL would like to extend the submittal date of September 30, 2015 to January 31, 2016. The need for the extension is due to the turnover of employees that were working on the DIMP at PGL.

PGL is currently training several employees to lead the efforts in completing the DIMP. As part of the training the employees will be attending a week long class course on DIMP that is offered by the Gas Technology Institute. The class is scheduled to take place September 21, 2015 to September 25, 2015.

Due to these factors, the submittal date will need to be extended to January 31, 2016.

Please contact me at your convenience if you have any questions regarding this matter.

Sincerely,

Thomas J. Webb  
Compliance Manager
